## GOVERNANCE OF THE COMPANY

### CORPORATE GOVERNANCE GUIDELINES AND CHARTERS

The Board has adopted Corporate Governance Guidelines (Guidelines) that, along with the Restated Certificate of Incorporation, as amended, the Fourth Amended and Restated Bylaws (Bylaws) and the written charters of the committees of the Board (Committees), provide the framework for the governance of the Company. The Board's Corporate Governance, Conflicts and Nominating Committee is responsible for periodically reviewing the Guidelines and recommending any proposed changes to the Board for approval. The Guidelines are available on the Corporate Governance section of the Company's website at [www.clearwayenergy.com](http://www.clearwayenergy.com), along with the written charters of all of the Committees and the Company's Code of Conduct. The Guidelines, the charters of all of the Committees and the Code of Conduct are also available in print to any stockholder upon request. Stockholders who desire to receive such items in print may request them from the Company's Corporate Secretary by writing to Clearway Energy, Inc., 300 Carnegie Center, Suite 300, Princeton, New Jersey 08540.

### CONTROLLED COMPANY

The Company was formed in 2012 by NRG Energy, Inc. (NRG). We historically served as the primary vehicle through which NRG owned, operated and acquired contracted renewable and conventional generation and thermal infrastructure assets. NRG, through its holdings of Class B common stock and Class D common stock, had a majority voting interest in the Company and received distributions from our subsidiary Clearway Energy LLC, formerly NRG Yield LLC, through its ownership of Class B units and Class D units. In February 2018, Global Infrastructure Partners III LP (GIP), through an affiliate, entered into a purchase and sale agreement with NRG for the acquisition of NRG's full ownership interest in us as well as NRG's renewable energy development and operations platform (GIP Transaction). As a result of the GIP Transaction, which closed on August 31, 2018, GIP, through its portfolio company, Clearway Energy Group LLC (formerly Zephyr Renewables, LLC) (CEG) controls more than 50% of the combined voting power of our common stock and has the voting power to elect the members of our Board.

Thus, for purposes of the New York Stock Exchange (NYSE) rules, we are a "controlled company." Controlled companies under those rules are companies of which more than 50% of the

voting power for the election of directors is held by an individual, a group or another company. As a controlled company, we may take advantage of certain exemptions from corporate governance requirements provided in the NYSE rules. Specifically, we are not required to have (a) a majority of independent directors, (b) a nominating/corporate governance committee composed entirely of independent directors, (c) a compensation committee composed entirely of independent directors or (d) an annual performance evaluation of the nominating/corporate governance and compensation committees. Therefore, our stockholders may not have the same protections afforded to stockholders of companies that are subject to all of the applicable NYSE rules.

We currently avail ourselves of the majority of independent directors exemption and the entirely independent compensation committee exemption. However, we have elected to have a Corporate Governance, Conflicts and Nominating Committee consisting entirely of independent directors and we conduct an annual performance evaluation of the Committees. The controlled company exemption does not modify the independence requirements for the Audit Committee, and we comply with the requirements of the Sarbanes-Oxley Act of 2002 and the NYSE rules, which require that our Audit Committee be composed of at least three members, all of whom are independent.

#### **BOARD STRUCTURE AND LEADERSHIP**

- **Chairman of the Board:** Jonathan Bram
- **Lead Independent Director:** Brian R. Ford
- **Number of directors:** 9
- Regular executive sessions of independent directors
- **Number of regular meetings in 2018:** 6
- Audit and Corporate Governance, Conflicts and Nominating Committees composed of all independent directors
- **Number of special meetings in 2018:** 6
- Active engagement by all directors
- Annual election of directors
- Separate Chairman and Chief Executive Officer

Our Board is responsible for, among other things, overseeing the conduct of our business, reviewing and, where appropriate, approving our long-term strategic, financial and organizational goals and plans, and reviewing the performance of our Chief Executive Officer (CEO) and any other members of senior management. Our Board conducts an annual self-evaluation, which includes a review of any areas in which the Board or management believes the Board can make a better contribution to our corporate governance, as well as a review of the committee structure and an assessment of the Board's compliance with corporate governance principles. In fulfilling the Board responsibilities, directors have full access to our management and independent advisors.

During the 2018 fiscal year, all directors attended at least 75% of the meetings of the Board and Committees on which they served in 2018. Non-management directors meet in executive session regularly following Board meetings. Directors are encouraged to attend the annual meetings of stockholders. All of the directors who served as such at the time of the meeting attended the 2018 Annual Meeting of Stockholders.

As stated in the Guidelines, the Board understands that there is no single, generally accepted approach to providing Board leadership and that it is in the best interests of the Company for the Board to make a determination regarding whether or not to separate the roles of Chairman and CEO based upon the present circumstances. Currently, Jonathan Bram, a non-executive director and Founding Partner of GIP, our majority stockholder, serves as Chairman of the Board. Irrespective of the Company's current practice, the Board believes that an effective board leadership structure is highly dependent on the experience, skills and personal interaction between persons in leadership roles. Although our Board believes that the separation of the Chairman and CEO roles is appropriate under current circumstances, it will continue to review this issue periodically to determine whether, based on

the relevant facts and circumstances, the combination of these offices would serve the Company's best interests and the best interests of its stockholders.

Our President and CEO, Mr. Sotos, and the Chairman, Mr. Bram, work together in complementary roles. Mr. Sotos focuses on the day-to-day operations of the Company and establishes the Company's strategic plan. Mr. Bram leads the Board's responsibilities for reviewing, approving and monitoring fundamental financial and business strategies and major corporate actions, assessing major risks facing the Company and management, and he presides over the Board and its Committees as they perform their oversight functions. The Board believes that these complementary roles provide the appropriate governance structure for the Company at this time.

When the Chairman is a director affiliated with our majority owner, GIP, or a member of Company management, or when the independent directors determine that it is in the best interests of the Company, the independent directors will annually appoint from among themselves a Lead Independent Director. Mr. Ford is currently the Lead Independent Director. As Lead Independent Director, Mr. Ford is responsible for the activities of the independent directors and is authorized to call meetings of the independent directors, chairs executive sessions of the independent directors, and performs the other duties either specified in the Guidelines or as assigned from time to time by the Board.

#### **GOVERNANCE PRACTICES**

The Board has taken a proactive approach in applying leading governance practices. As described in the Guidelines, the Board follows a series of governance practices that it believes foster effective Board oversight and accountability to you, our stockholders. These practices include:

- succession planning for the CEO and other senior management;
- annual performance evaluations of the Board and each of its standing Committees, as well as periodic peer review for individual directors;
- director orientation and continuing education program, including Company site visits and information sessions with Company management at relevant sites; and
- access to and engagement of outside advisors and consultants to assist the Board and the Committees in the performance of their duties, as appropriate.

#### **RISK OVERSIGHT**

- The Board has responsibility for overall risk oversight of the Company.
- The Audit Committee oversees financial risks.
- The Compensation Committee oversees risks related to compensation policies and practices.
- The Corporate Governance, Conflicts and Nominating Committee oversees risks related to governance practices, conflicts of interest or changes of control and related person transactions.
- Risk oversight includes understanding the material risks to the business and what steps management is taking or should be taking to manage those risks, as well as understanding and determining the appropriate risk appetite for the Company.
- To define the Company's risk appetite, the Board reviews and approves the annual business plan, budget and long-term plan, strategic initiatives, individual development projects, acquisitions and divestitures, and capital allocation plan.

The Board does not have a separate risk committee, but instead believes that the entire Board is responsible for overseeing the Company's risk management with the assistance of management and the Committees. The Board performs its risk oversight function in several ways. The Board monitors,

reviews and reacts to strategic and corporate risks through reports by management and Committees. The Chair of each of the Committees regularly report to the Board on all matters reviewed by their Committees, thereby providing the full Board with the opportunity to identify and discuss any risk-related issues or request additional information from management or the Committees that may assist the Board in its risk oversight role. To this end, risk-related issues presented to each Committee are routinely presented to the full Board to ensure proper oversight.

With the full Board providing the top level of risk oversight, the Committees have a more specific risk oversight role for matters that fall under their purview. The Audit Committee considers the Company's policies with respect to risk assessment and risk management. The Audit Committee also oversees financial risks, which includes reviewing the effectiveness of our internal controls, conducting a detailed review of the financial portions of the Company's SEC reports, approving the independent auditor and the annual audit plan, and receiving and considering periodic reports from the Company's independent auditor, the Company's internal auditor and the Company's corporate compliance officer. In addition, the Audit Committee oversees risks related to information technology systems and cybersecurity matters.

The Compensation Committee oversees risks related to our compensation policies and practices with input from management, and reviews the Company's compensation policies and practices to determine whether they subject the Company to unnecessary risk. As a result of the review, management and the Compensation Committee have concluded that the Company's compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

The Corporate Governance, Conflicts and Nominating Committee oversees risks related to our governance practices, including but not limited to, Board and Committee membership and Board effectiveness, as well as risks related to perceived conflicts of interest or changes of control and acquisitions of the CEG ROFO Assets (as defined and described in "Certain Relationships and Related Person Transactions") from, and agreements that we have in place with, CEG, and its affiliates, and other related person transactions.

#### **DIRECTOR NOMINEE SELECTION PROCESS**

The Corporate Governance, Conflicts and Nominating Committee is responsible for identifying individuals that the Committee believes are qualified to become Board members in accordance with criteria set forth in the Guidelines. These criteria include (1) relevant knowledge, diversity of background and experience in areas including business, finance, accounting, technology, marketing, international business and government; (2) personal qualities of leadership, character, judgment and whether the candidate possesses a reputation in the community at large of integrity, trust, respect, competence and adherence to the highest ethical standards; (3) roles and contributions valuable to the business community; and (4) whether the candidate is free of conflicts, including the candidate's qualification as "independent" under the various standards applicable to the Board and its committees, and has the time required for preparation, participation and attendance at meetings. The Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all Board members. While the Company does not have a formal diversity policy, the Guidelines provide that the Committee considers diversity criteria in the context of the perceived needs of the Board as a whole and seeks to achieve a diversity of backgrounds and perspectives on the Board. The composition of the current Board reflects diversity in business and professional experience and skills.

The Corporate Governance, Conflicts and Nominating Committee's process for identifying and evaluating director nominees may also include consultation with all directors, solicitation of proposed nominees from all directors, the engagement of one or more professional search firms (if deemed appropriate), interviews with prospective nominees by the Committee (and other directors, if deemed appropriate) and recommendations regarding qualified candidates to the full Board.

#### **Stockholder-Recommended Director Candidates**

The Corporate Governance, Conflicts and Nominating Committee considers nominations by stockholders who recommend candidates for election to the Board. A stockholder seeking to recommend a prospective candidate for the Committee's consideration may do so by writing to the Corporate Secretary, at Clearway Energy, Inc., 300 Carnegie Center, Suite 300, Princeton, New Jersey 08540, and by following the requirements to submit nominees discussed under "Stockholder Proposals or Stockholder Nomination of Director to be brought at the 2020 Annual Meeting (without Inclusion in the Company's Proxy Statement)."

#### **Stockholder-Nominated Director Candidates**

As discussed under "Requirements for Submission of Stockholder Proposals for the 2020 Annual Meeting of Stockholders," stockholders intending to appear at the 2020 Annual Meeting in order to nominate a candidate for election by the stockholders at the meeting (in cases where the Board does not intend to nominate the candidate or where the Corporate Governance, Conflicts and Nominating Committee was not requested to consider his or her candidacy) must comply with the procedures in the Bylaws, a copy of which is available upon request to the Company's Corporate Secretary.

No subcommittee can consist of fewer than two members, and the Compensation Committee may not delegate to a subcommittee any power or authority that is required by any law, regulation or listing standard to be exercised by the Compensation Committee as a whole.

The Compensation Committee has the authority to retain at the expense of the Company such outside counsel, experts, and other advisors as it determines appropriate to assist it in the full performance of its functions, including sole authority to retain and terminate any compensation consultant used to assist the Compensation Committee in the evaluation of directors, or, if applicable, CEO or senior executive compensation, and to approve the consultant's fees and other retention terms. ## DIRECTOR COMPENSATION

The chart below describes the compensation program established for our directors for their service as Board members, chairs of the Committees and Lead Independent Director, as applicable, in 2018. Only the independent directors, our non-employee or non-affiliated directors, receive compensation for their services as directors, which is set by our Board based on recommendations by the Compensation Committee. In other words, Mr. Sotos, our CEO and also a director, does not receive compensation for his service as a director in addition to that which he receives as an officer of the company; and none of the directors affiliated with GIP receive compensation for their services as directors.

<u>Compensation Element</u>	<u>Compensation Amount</u>
Cash Annual Retainer	\$ 80,000
Annual Deferred Stock Unit Award	\$ 95,000
Lead Independent Director Retainer	\$ 20,000
Committee Chair Retainer	\$ 15,000
Employee or Directors Affiliated with GIP	No compensation

Our independent directors receive the annual retainer in a combination of cash and equity for their services as directors. In 2018, the Compensation Committee and Board increased the equity portion of the annual retainer by \$15,000. Accordingly, the independent directors received \$80,000 of their total annual retainer in the form of cash and the remaining \$95,000 in the form of deferred stock units (DSUs) issued under our Amended and Restated 2013 Equity Incentive Plan (LTIP). In addition to receiving a portion of the annual retainer in DSUs, directors may defer the cash component of their annual retainers into additional DSUs.

Each DSU issued in 2018 was equivalent in value to one share of Class C common stock and represents the right to receive one such share of Class C common stock payable at the time elected by the director or immediately if no such election is made, or in the event the director does not make an election with respect to payment in a particular year, in accordance with his or her prior deferral election. In the event that a director's service with the Company is terminated for any reason, other than cause, DSU awards are payable in accordance with such director's deferral election. If a director's service with the Company is terminated for cause, the award is forfeited. In connection with the grants of the DSUs, each independent director also received dividend equivalent rights (DERs) which become exercisable proportionately with the DSUs to which they relate. Each DER represents the right to receive one share of Class A common stock or Class C common stock, as applicable, under its terms.

Similar to its competitive assessment of NEO compensation, Pay Governance, the Compensation Committee's compensation consultant, performed a review of director compensation in 2018. Results of the review were shared with the Compensation Committee, which made a recommendation to the full Board for final approval. Furthermore, the Compensation Committee and Board approved a \$50,000 cash stipend for each member of the Corporate Governance, Conflicts and Nominating Committee for 2018 in recognition of the significant time and effort devoted by such independent directors to the Corporate Governance, Conflicts and Nominating Committee in connection with the GIP Transaction. The Compensation Committee additionally approved a stock ownership guideline for directors requiring stock ownership equal to five times the annual cash retainer fee. Although directors are not required to make purchases of our common stock to meet their target ownership multiple, they are restricted from divesting any securities until such ownership multiple is attained, except to make a required tax payment, and must maintain their ownership multiple after any such transactions.

In addition, our independent directors are reimbursed for out-of-pocket expenses in connection with attending meetings of the Board or its Committees. As a general matter, we expect that in the future, any independent director will receive grants of equity-based awards upon appointment to our Board and from time to time thereafter for so long as he or she serves as a director.

Each member of our Board is indemnified for his or her actions associated with being a director to the fullest extent permitted under Delaware law. In addition, we have entered into indemnification agreements with each of our directors as well as our executive officers. The indemnification agreements provide the directors and executive officers with contractual rights to indemnification, expense advancement and reimbursement, to the fullest extent permitted under Delaware law.

## PROPOSAL NO. 2

### APPROVAL OF THE AMENDED AND RESTATED CERTIFICATE OF INCORPORATION

On August 31, 2018, in connection with the consummation of the GIP Transaction, the Company entered into a Voting and Governance Agreement with CEG (Voting and Governance Agreement). The Voting and Governance Agreement relates to certain governance matters of the Company, including the composition of our Board and the implementation of this Proposal No. 2, to stagger the Board, which is subject to a vote of stockholders at this Annual Meeting.

Under our Restated Certificate of Incorporation, as amended (Current Certificate), the entire Board of Directors is elected at each annual meeting of stockholders to serve until the next annual meeting or until their respective successors are elected and qualified. We are seeking stockholder approval to amend and restate our Current Certificate in order to provide for a classified or "staggered" Board, comprised of two classes with staggered two-year terms, and to provide that directors may only be removed for cause. In addition to satisfying the requirements set forth in the Voting and Governance Agreement, our Board of Directors has unanimously determined that it is advisable and in the best interests of our stockholders to approve this Proposal No. 2 in order to assure the continuity and stability of our long-term policies in the future as well as reduce the Company's vulnerability to hostile and potentially abusive takeover attempts. In light of the GIP Transaction, which resulted in changes in our leadership, the Board believes it is appropriate to implement changes that will preserve our long-term strategy and goals in the event of future change in control transactions.

This Proposal No. 2 also provides for the amendment of the Current Certificate to make certain technical changes as a result of the GIP Transaction, as defined previously in this Proxy Statement (Certificate Changes). We are seeking the Certificate Changes in order to comply with the Voting and Governance Agreement.

The description of the Amended and Restated Certificate of Incorporation in this Proxy Statement is qualified in its entirety by reference to, and should be read in conjunction with, the full text of the Amended and Restated Certificate of Incorporation, which is attached to this Proxy Statement as *Appendix A*. For convenience, a copy of the Amended and Restated Certificate of Incorporation showing the changes from the Current Certificate, with deleted text shown as strike-through and added text shown as underlined, is attached to this Proxy Statement as *Appendix B*.

#### **Classified Board**

The Board is proposing to stagger the terms of the directors of the Company by classifying the Board into two separate classes, Class I and Class II, each as nearly equal in number as possible, with one class being elected each year to serve a staggered two-year term, other than the initial term of the Class I Directors. For additional information about the classes in which our nominees are expected to serve if Proposal No. 2 is approved, see Proposal No. 1 regarding director elections. The directors initially elected in Class I would serve until the Company's 2020 Annual Meeting and the election and qualification of his or her successor. The directors initially elected in Class II would serve until the 2021 Annual Meeting and the election and qualification of his or her successor. Beginning with the election of directors at the 2020 Annual Meeting, and going forward, the Class I Directors would be elected for a two-year term. As a result, one class of directors would expire and be subject to election each year following the 2020 Annual Meeting.

#### **Advantages of a Classified Board**

Our Board believes that a classified board of directors with two-year terms will help to assure the continuity and stability of our long-term policies in the future and to reduce the Company's

vulnerability to hostile and potentially abusive takeover tactics that could be adverse to the best interests of the Company's stockholders. A classified board would not preclude unsolicited acquisition proposals but, by eliminating the threat of imminent removal, would put our Board in a position to act to maximize value for all stockholders. A classified board will ensure that a significant number of the members of the Board of Directors at any given time will have prior experience as directors of the Company and will be familiar with our long-term strategy and goals. This knowledge will assist the directors in fulfilling their duties to our stockholders, providing for greater effectiveness, which ultimately creates value for our stockholders.

***Disadvantages of a Classified Board***

There are some disadvantages to having a classified board. The additional time required to obtain control of a staggered board may discourage takeover bids that stockholders might deem desirable. The adoption of the proposed classified board may also increase the time required to change management, even if a majority of the stockholders are dissatisfied with the management and believe such a change would be beneficial.

**Removal of Directors**

Our Current Certificate provides that directors may be removed by stockholders with or without cause. Pursuant to the Voting and Governance Agreement, and in connection with our implementation of a classified board for the reasons specified above, the Board is proposing to amend our Current Certificate to provide that directors can be removed by stockholders only for cause.

***Advantages of "For Cause" Removal***

We believe that amending our Current Certificate to provide that directors can be removed by stockholders only for cause will help to ensure that there is a continuity of leadership on the Board and that our Board will be able to act in the best interests of the Company without undue pressure from certain stockholders. Each of the directors has a fiduciary duty to act in the best interests of the stockholders of the Company in the management of the Company's affairs. Our Board believes limiting director removal only for cause in conjunction with a director's fiduciary duties will create an environment for long-term growth without creating undue pressures. In addition, because we are a controlled company, limiting our stockholders ability to remove directors other than for cause would also serve to protect our minority public stockholders, as it would prevent our majority stockholder from being able to effect substantial and frequent changes in the composition of our Board.

***Disadvantages of "For Cause" Removal***

The limitation of our stockholders ability to remove a director from our Board other than for cause could be perceived negatively by the market and could negatively affect the performance of our stock, which may negatively affect our stockholders. The amendment may be perceived negatively as limiting stockholder's ability to hold directors accountable, and therefore disfavored by shareholder advisory firms and the such. However, the Board considered the prevalence of limiting stockholders' ability to remove directors other than for cause in its expected peer group who also have implemented a classified board and believes that companies that have implemented a classified board also have limited stockholders' ability to remove directors other than for cause.

**Technical Updates as a Result of the GIP Transaction**

***FERC Changes***

We are additionally proposing to amend references to the Federal Energy Regulatory Commission (FERC) and related matters (FERC Updates). We are proposing to modify a restriction on certain

transfers of our Class A and Class C shares to reflect the change in ownership of our Class B and Class D shares, as well as changes in FERC policies announced since the existing transfer restriction was put in place. The transfer restriction was put in place to ensure that FERC approval under Section 203 of the Federal Power Act (FPA) is obtained prior to any transfer of our Class A or Class C shares that might be deemed to result in a change in direct or indirect "control" over any of our subsidiaries that are "public utilities" under the FPA. It generally prohibits transfers of Class A or Class C shares other than through secondary market transactions that would result in an investor, together with its affiliates, directly or indirectly holding 10% or more of the voting securities of us or any of our public utility subsidiaries. The existing transfer restriction addresses ownership of interests in us and our public utility subsidiaries owned indirectly through ownership of interests in NRG and does so in terms of derivative ownership interests in us based on the voting power of the Class B and Class D shares. The proposed modifications reflect the fact that the Class B and Class D shares are now owned by CEG, not NRG, and also reflect recent FERC precedent limiting reliance on derivative ownership interests.

As modified, the transfer restriction would require board approval for any transfer of our Class A or Class C shares other than through secondary market transactions if, after such a transfer, a given investor, together with its affiliates, would hold 10% or more of our voting securities. Board approval would also be required if, after such a transfer, the sum of the following equals or exceeds 10%: (a) the percentage of our voting securities held by the investor and its affiliates (other than indirectly through interests in CEG), plus (b) the percentage of CEG's voting securities held by the investor and its affiliates, plus (c) the percentage of any of our public utility subsidiaries' voting securities held by the investor and its affiliates (other than indirectly through interests in us and CEG). The latter provision is a conservative screen that we regard as prudent in light of current FERC policy in this area. In addition, given that the underlying purpose of the restriction is to ensure that FERC approval under Section 203 is obtained as appropriate, the affiliate definition would be revised to reference the affiliate definition in FERC's regulations.

We view the FERC Updates as non-substantive changes that are necessary to reflect our current corporate structure in light of the GIP Transaction.

#### **Other Technical Changes**

As a result of the GIP Transaction, NRG is no longer our affiliate and references to NRG in the Current Certificate are no longer applicable. We are seeking to amend and restate the Current Certificate, in part, to replace references to NRG in the Current Certificate with references to GIP (Reference Updates). Certain of these Reference Updates are located in provisions of the Current Certificate, which, by the terms of the Current Certificate, require the affirmative vote of 66 and 2/3% of the combined voting power of shares of our common stock outstanding and entitled to vote to amend.

We view the Reference Updates as non-substantive changes that are necessary to reflect our current corporate structure in light of the GIP Transaction.

#### **Required Vote**

Adoption of this proposal requires the affirmative vote of 66 and 2/3% of the combined voting power of shares of our common stock outstanding and entitled to vote. Abstentions and broker non-votes will have the same effect as a vote "against" this proposal. If our stockholders approve the Amended and Restated Certificate of Incorporation, it would become effective upon acceptance of its filing by the Secretary of State of the State of Delaware. If our stockholders do not approve this proposal, the Amended and Restated Certificate of Incorporation will not be filed and the classified Board will not be implemented. The Board reserves the right to abandon or delay the filing of the Amended and Restated Certificate of Incorporation even if it is approved by our stockholders.

**The Board recommends that you vote "FOR" the proposal to approve the Amended and Restated Certificate of Incorporation Proposal. Proxies received by the Board will be voted "FOR" the approval of the Amended and Restated Certificate of Incorporation Proposal unless otherwise specified.**

**PROPOSAL NO. 3**

**APPROVAL, ON AN ADVISORY BASIS, OF THE COMPANY'S EXECUTIVE COMPENSATION**

Under Section 14A of the Exchange Act, the stockholders of the Company are entitled to vote at this year's Annual Meeting to approve the compensation of the NEOs, as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K (Regulation S-K) of the rules and regulations under the Securities Act of 1933, as amended (Securities Act). Currently, this vote is conducted every year. The next vote will occur at the 2020 Annual Meeting.

As described more fully in the CD&A beginning on page 47, the Company's executive compensation program is designed to attract, retain and reward top executive talent. The intent of the Company's compensation program is to reward the achievement of the Company's annual goals and objectives while supporting the Company's long-term business strategy.

This proposal, commonly known as a "say on pay" proposal, gives stockholders the opportunity to express their views on the NEOs' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of the NEOs as described in this Proxy Statement. Accordingly, the Board recommends that stockholders vote in favor of the following resolution:

"RESOLVED, that the compensation paid to the NEOs, as disclosed pursuant to Item 402 of Regulation S-K, including the CD&A, compensation tables and narrative discussion, is hereby APPROVED."

The say on pay vote is advisory and therefore not binding on the Company, the Board or the Compensation Committee. However, the Board and the Compensation Committee value the opinions of the stockholders and to the extent there is a significant number of votes against the NEO compensation as disclosed in this Proxy Statement, stockholders' concerns will be considered and the Board and the Compensation Committee will evaluate actions necessary to address those concerns.

**The Board recommends a vote "FOR" the approval of the Company's executive compensation as disclosed in this Proxy Statement. Proxies received by the Board will be voted "FOR" the approval of the Company's executive compensation unless a contrary vote is specified.**

**PROPOSAL NO. 4**

**RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR  
THE 2019 FISCAL YEAR**

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the independent registered public accounting firm retained to audit the Company's consolidated financial statements. To execute this responsibility, the Audit Committee engages in a thorough annual evaluation of (i) the independent registered public accounting firm's qualifications, performance and independence, (ii) whether the independent registered public accounting firm should be rotated, and (iii) the advisability and potential impact of selecting a different independent registered public accounting firm.

The Audit Committee appointed the firm of KPMG LLP, an independent registered public accounting firm, to audit the consolidated financial statements of the Company and its subsidiaries for the 2019 fiscal year at a meeting held in February 2019. KPMG LLP has been retained as the Company's independent registered public accounting firm continuously since the Company's initial public offering in July 2013. In accordance with SEC rules and KPMG LLP policies, audit partners are subject to rotation requirements to limit the number of consecutive years an individual partner may provide audit services to the Company. For lead and concurring review audit partners, the maximum number of consecutive years of service in that capacity is five years. The Audit Committee is involved in the selection of KPMG LLP's lead audit partner.

The Audit Committee and the Board believe that the continued retention of KPMG LLP to serve as the Company's independent registered public accounting firm for the 2019 fiscal year is in the best interests of the Company and its stockholders. If the stockholders do not ratify the appointment of KPMG LLP, the Audit Committee will reconsider its selection. Representatives of KPMG LLP are expected to attend the Annual Meeting where they will be available to respond to questions and, if they desire, to make a statement.

**The Board recommends a vote "FOR" the ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the 2019 fiscal year. Proxies received by the Board will be voted "FOR" ratification unless a contrary vote is specified.**

On August 31, 2018, pursuant to the terms of a Purchase and Sale Agreement (PSA), dated February 6, 2018, by and among NRG, NRG Repowering Holdings LLC, and CEG, an affiliate of GIP acquired from NRG 100% of the outstanding membership interests of Zephyr Renewables LLC, which owned, among other assets, (i) 100% of the shares of Class B common stock and 100% of the shares of Class D common stock of the Company and (ii) 100% of the Class B units and 100% of the Class D units of Clearway Energy LLC (formerly NRG Yield LLC), for an aggregate purchase price of approximately \$1.348 billion. As a result of the consummation of the GIP Transaction, GIP indirectly acquired a 45.2% economic interest in Clearway Energy LLC and 55.0% voting interest in the Company as of August 31, 2018.

Also in connection with the GIP Transaction, the Company entered into a series of agreements, including the Voting and Governance Agreement. See "Certain Relationships and Related Person Transactions—Strategic Sponsorship with GIP" below.

**CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS**

**RELATIONSHIP WITH NRG AND GIP**

Prior to August 31, 2018, NRG, through its holdings of Class B common stock and Class D common stock, had a majority voting interest in the Company and received distributions from our subsidiary Clearway Energy LLC, formerly NRG Yield LLC, through its ownership of Class B units and Class D units. As previously described, in February 2018, GIP, through its affiliate, CEG, entered into the GIP Transaction for the acquisition of NRG's full ownership interest in us as well as NRG's renewable energy development and operations platform. As a result of the GIP Transaction, which closed on August 31, 2018, CEG controls more than 50% of the combined voting power of our common stock and has the voting power to elect the members of our Board.

GIP, through its ownership of CEG, indirectly owns all of our outstanding Class B common stock and our Class D common stock, which represents, in the aggregate, 55.0% of the voting interest in our stock and receives distributions from Clearway Energy LLC through its ownership of Class B and Class D units of Clearway Energy LLC. Holders of our Class A common stock and Class C common stock hold, in the aggregate, the remaining 45.0% of the voting interest in our stock. Each holder of Class A or Class B common stock is entitled to one vote for each share held. Each holder of Class C or Class D common stock is entitled to 1/100th of one vote for each share held. The holders of our outstanding shares of Class A and Class C common stock are entitled to dividends as declared.

The diagram below depicts our organizational structure as of March 4, 2019. Clearway Energy LLC indirectly holds the equity interests in our project companies.

## **STRATEGIC SPONSORSHIP WITH GIP**

In connection with the GIP Transaction, the Company entered into a Consent and Indemnity Agreement with NRG and GIP setting forth key terms and conditions of the Company's consent to the GIP Transaction.

Also in connection with the GIP Transaction, the Company entered into the following agreements on August 31, 2018:

### *CEG Master Services Agreements*

The Company, along with Clearway Energy LLC and Clearway Energy Operating LLC, entered into Master Services Agreements with CEG (CEG Master Service Agreements), pursuant to which CEG and certain of its affiliates or third party service providers began providing certain services, including operational and administrative services, which include human resources, information systems, external affairs, accounting, procurement and risk management services, to the Company and certain of its subsidiaries, and the Company and certain of its subsidiaries began providing certain services, including accounting, internal audit, tax and treasury services, to CEG, in exchange for the payment of fees in respect of such services. The amounts paid by CEG or the Company under their respective Master Service Agreements did not exceed \$120,000 for the year ended December 31, 2018.

### *Voting and Governance Agreement*

The Company entered into a Voting and Governance Agreement with CEG, relating to certain governance matters of the Company, including the composition of the Board, implementation of the Amended and Restated Certificate of Incorporation Proposal which is subject to a vote of stockholders at this Annual Meeting, and employment status of the CEO of the Company.

### *Limited Liability Company Agreement*

The Company entered into the Fourth Amended and Restated Limited Liability Company Agreement of Clearway Energy LLC with CEG, which sets forth the rights and obligations of the Company, as managing member, and CEG, as member, of Clearway Energy LLC, as further described below.

### *Transition Services Agreement*

The Company entered into a Transition Services Agreement with NRG (NRG TSA), pursuant to which NRG or certain of its affiliates began providing certain services to the Company following the consummation of the GIP Transaction, in exchange for the payment of a fee in respect of such services. Expenses related to the NRG TSA are recorded in the acquisition-related and integration costs in the consolidated statements of operations. The agreement is effective until the earlier of June 30, 2019 or the date that all services are terminated by the Company. The Company may extend the term on a month-by-month basis no later than March 31, 2020 for a fixed monthly fee provided for in the agreement. For the year ended December 31, 2018, the Company paid \$1.289 million under the NRG TSA.

## **NRG MANAGEMENT SERVICES AGREEMENT**

Prior to the GIP Transaction, NRG provided the Company with various operational, management, and administrative services, which include human resources, accounting, tax, legal, information systems, treasury, and risk management, as set forth in the Management Services Agreement (NRG Management Services Agreement). However, on August 31, 2018, in connection with the consummation of the GIP Transaction, the Company entered into a Termination Agreement with Clearway

Energy LLC, Clearway Energy Operating LLC and NRG terminating the NRG Management Services Agreement.

Prior to August 31, 2018, under the NRG Management Services Agreement, NRG or certain of its affiliates provided or arranged for the provision by an appropriate service provider for a series of services agreed upon by the parties that are reasonably related to the Company's day-to-day operations, including, but not limited to, causing or supervising the carrying out of all day-to-day management, secretarial, accounting, financial statement presentation, banking, treasury, administrative, liaison, representative, regulatory and reporting functions and obligations.

Pursuant to the NRG Management Services Agreement, the Company was obligated to pay a base management fee of approximately \$2.125 million per quarter. Costs incurred under this agreement were \$7 million for the eight months ended August 31, 2018. The costs incurred under the NRG Management Services Agreement included certain direct expenses incurred by NRG on behalf of the Company in addition to the base management fee.

We reimbursed NRG for any out-of-pocket fees, costs and expenses incurred in the provision of the management and administration services. However, we were not required to reimburse NRG for the salaries and other remuneration of its management, personnel or support staff who carried out any services or functions for us or overhead for such persons.

In addition, we were required to pay all fees, expenses and costs incurred in connection with the investigation, acquisition, holding or disposal of any acquisition that was made or that was proposed to be made by us. We were also required to pay or reimburse NRG for all sales, use, value added, withholding or other taxes or customs duties or other governmental charges levied or imposed by reason of the NRG Management Services Agreement or any agreement it contemplated, other than income taxes, corporation taxes, capital gains taxes or other similar taxes payable by NRG, which are personal to NRG.

Under the NRG Management Services Agreement, NRG did not assume any responsibility other than to provide or arrange for the provision of the services called for thereunder in good faith and was not responsible for any action that we took in following or declining to follow the advice or recommendations of NRG. We agreed to indemnify each of NRG and its affiliates or agents to the fullest extent permitted by law from and against any losses incurred by an indemnified person or threatened in connection with our respective businesses, investments and activities or related to the NRG Management Services Agreement or the services provided by NRG, subject to certain exceptions. In addition, under the NRG Management Services Agreement, the indemnified persons were not liable to us to the fullest extent permitted by law, subject to certain exceptions.

## **RIGHT OF FIRST OFFER AGREEMENTS**

### ***CEG ROFO Agreement***

On August 31, 2018, in connection with the GIP Transaction, we entered into the CEG ROFO Agreement and, solely for certain purposes thereof, GIP, pursuant to which CEG granted us and our subsidiaries a right of first offer on any proposed sale or transfer of certain assets owned by CEG. The CEG ROFO Agreement (i) adds 569 MW to the current pipeline through the operational 150 MW Langford project and the 419 MW Mesquite Star project which is under development, (ii) includes 80 MW of utility-scale solar projects located in Oahu, Hawaii, which was previously included in our NRG ROFO Agreement (as defined below), and (iii) provides us the right to make an equity investment of up to \$170 million in one or more distributed generation portfolios developed or owned by CEG or its subsidiaries.

On February 14, 2019, we and CEG agreed to amend the CEG ROFO Agreement with CEG to add Hawaii Solar Phase II, which consists of 75 MWs of combined solar and storage projects located in Oahu, Hawaii.

The assets listed below represent our currently committed investments and the CEG ROFO Assets:

- (1) On August 31, 2018, Clearway Operating LLC and CEG executed a purchase agreement pursuant to which Clearway Operating LLC will acquire 80 MW (net of DESRI's interest) of utility-scale solar projects located in Oahu, Hawaii for approximately \$28 million in cash consideration, subject to customary working capital and other adjustments, as well as the assumption of non-recourse debt of \$169 million. The transaction is expected to close in the summer of 2019.
- (2) On December 26, 2018, the Company and CEG amended the DGPV Holdco 3 partnership agreement to increase the capital commitment of \$50 million to \$70 million.
- (3) Investment in the Repowering Partnership with CEG is contingent upon obtaining related construction and tax equity financing.
- (4) The Company elected to exercise the Carlsbad backstop facility provided by GIP; as such, GIP purchased 100% of the membership interest in Carlsbad Energy Holdings LLC on February 27, 2019. The Company maintains the option to purchase Carlsbad from GIP at any time within 18 months after February 27, 2019 at the same time economic terms at which it originally agreed to purchase the asset from NRG. Should the Company not acquire Carlsbad during such 18 months, Carlsbad will become a CEG ROFO Asset. For further information, see below under "NRG ROFO Agreement."

Prior to engaging in any negotiation regarding any disposition, sale or other transfer of any of the remaining CEG ROFO Assets, CEG will deliver a written notice to us setting forth the material terms and conditions of the proposed transaction. During the 30-day period after the delivery of such notice, we will negotiate with CEG in good faith to reach an agreement on the transaction. If we do not reach

an agreement within such 30-day period, CEG will be able within the next 180 calendar days to sell, transfer, dispose or recontract such CEG ROFO Asset to a third party (or to agree in writing to undertake such transaction with a third party) on terms generally no less favorable to CEG than those offered pursuant to the written notice.

Under the CEG ROFO Agreement, CEG is not obligated to sell the remaining CEG ROFO Assets. In addition, any offer to sell under the CEG ROFO Agreement will be subject to an inherent conflict of interest because the same professionals within CEG's organization that are involved in acquisitions that are suitable for us have responsibilities within CEG's broader asset management business. Notwithstanding the significance of the services to be rendered by CEG or their designated affiliates on our behalf or of the assets which we may elect to acquire from CEG in accordance with the terms of the CEG ROFO Agreement or otherwise, CEG does not owe fiduciary duties to us or our stockholders. Any material transaction with CEG (including the proposed acquisition of any CEG ROFO Asset) will be subject to our related person transaction policy, which will require prior approval of such transaction by our Corporate Governance, Conflicts and Nominating Committee.

#### ***NRG ROFO Agreement***

Also, on August 31, 2018, the existing Right of First Offer Agreement with NRG was amended pursuant to the Third Amended and Restated Right of First Offer Agreement (as amended, NRG ROFO Agreement) to provide us and our subsidiaries a right of first offer on any proposed sale or transfer by NRG of 100% of the remaining membership interests in Agua Caliente Borrower 1 LLC, which owns 35% of the Agua Caliente solar plant, and to remove the Ivanpah solar facility. On November 1, 2018, NRG offered the Company the opportunity to acquire Agua Caliente Borrower 1 LLC. The Company elected to forgo the acquisition. The Company continues to own a 16% interest in the project through Agua Caliente Borrower 2 LLC.

On February 6, 2018, the Company entered into an agreement with NRG to purchase 100% of the membership interests in Carlsbad Energy Holdings LLC, which indirectly owns the Carlsbad project, a 527 MW natural gas fired project in Carlsbad, CA, pursuant to the NRG ROFO Agreement. Following the commercial operation date of the project in December 2018, the Company elected to utilize the Carlsbad backstop facility provided by GIP; as such, GIP purchased 100% of the membership interest in Carlsbad Energy Holdings LLC on February 27, 2019. The purchase price for the transaction was \$387 million in cash consideration, exclusive of working capital adjustments, as well as the assumption of non-recourse debt of \$601 million at completion. The Company maintains the option to purchase Carlsbad from GIP at any time within 18 months after February 27, 2019 at the same economic terms at which it originally agreed to purchase the asset from NRG. Should the Company not acquire Carlsbad during such 18 months, Carlsbad will become a CEG ROFO Asset.

On March 30, 2018, the Company acquired 100% of NRG's interests in Buckthorn Renewables, LLC (Buckthorn Solar), which owns a 154 MW utility-scale solar generation project for cash consideration of \$42 million, plus assumed non-recourse debt of approximately \$183 million and non-controlling interest of \$19 million as of the acquisition date. The Buckthorn Solar project sells power under a 25-year power purchase agreement to the City of Georgetown, Texas. On July 1, 2018, the project achieved commercial operation.

During 2018, El Segundo Energy Center (ESEC), NRG West Coast LLC and NRG Power Marketing LLC (PML) entered into confirmation agreements under the Project Administration Services Agreement between ESEC and NRG West Coast LLC, whereby PML purchased California Carbon Allowances which ESEC could subsequently purchase for the purposes of ESEC's compliance with the California Cap-and-Trade Program. ESEC reimbursed costs under these agreements of approximately \$19 million for the year ended December 31, 2018.

#### **FOURTH AMENDED AND RESTATED LIMITED LIABILITY COMPANY AGREEMENT OF CLEARWAY ENERGY LLC**

The following is a description of the material terms of Clearway Energy LLC's Fourth Amended and Restated Limited Liability Company Agreement (LLC Agreement). For the year ended December 31, 2018, Clearway Energy LLC made approximately \$130 million in distributions to us, approximately \$52 million in distributions to NRG (the holder of Class B and Class D units prior to the GIP Transaction) and \$56 million to CEG (the holder of Class B and Class D units after the GIP Transaction).

**Governance**

We serve as the sole managing member of Clearway Energy LLC. As such, we and effectively our Board, control the business and affairs of Clearway Energy LLC and are responsible for the management of its business.

**Voting and Economic Rights of Members**

Clearway Energy LLC has four classes of Units: Class A units, Class B units, Class C units and Class D units. Class A units and Class C units may be issued only to us as the sole managing member, and Class B units and Class D units may be issued only to CEG and held by CEG or its permitted transferees. Units of each of the four classes have equivalent economic and other rights, except that upon issuance, each holder of a Class B unit will also be issued a share of our Class B common stock, and each holder of a Class D unit will also be issued a share of our Class D common stock. Each Class B unit is exchangeable for a share of our Class A common stock and each Class D unit is exchangeable for a share of our Class D common stock, in each case subject to equitable adjustments for stock splits, dividends and reclassifications in accordance with the terms of the Exchange Agreement (as described below).

Net profits and net losses and distributions by Clearway Energy LLC are allocated and made to holders of units in accordance with the respective number of membership units of Clearway Energy LLC held. Generally, Clearway Energy LLC will make distributions to holders of units for the purpose of funding tax obligations in respect of income of Clearway Energy LLC that is allocated to the members of Clearway Energy LLC.

**Coordination with Clearway Energy LLC**

Any time we issue a share of Class A common stock or a share of our Class C common stock for cash, the net proceeds therefrom will promptly be transferred to Clearway Energy LLC, and Clearway Energy LLC will either:

- transfer a newly issued Class A unit of Clearway Energy LLC to us in the case of the issuance of a share of Class A common stock, or a newly issued Class C unit of Clearway Energy LLC to us in the case of the issuance of a share of Class C common stock; or
- use the net proceeds to purchase a Class B unit of Clearway Energy LLC from CEG in the case of the issuance of a share of Class A common stock, which Class B unit will automatically convert into a Class A unit of Clearway Energy LLC when transferred to us, or a Class D unit of Clearway Energy LLC from CEG in the case of the issuance of a share of Class C common stock, which Class D unit will automatically convert into a Class C unit of Clearway Energy LLC when transferred to us.

If we elect to redeem any shares of our Class A common stock or Class C common stock for cash, Clearway Energy LLC will, immediately prior to such redemption, redeem an equal number of Class A units or Class C units, as applicable, held by us upon the same terms and for the same price, as the shares of Class A common stock so redeemed.

**EXCHANGE AGREEMENT**

We entered into an Amended and Restated Exchange Agreement with NRG (Exchange Agreement), which was assigned to CEG upon the GIP Transaction. Under the Exchange Agreement, CEG (and certain permitted assignees and permitted transferees who acquire Class B units or Class D units of Clearway Energy LLC) may from time to time cause Clearway Energy LLC to exchange their Class B units for shares of our Class A common stock on a one-for-one basis, subject to adjustments for stock splits, stock dividends and reclassifications, or exchange their Class D units for shares of our

Class C common stock on a one-for-one basis, subject to equitable adjustments for stock splits, stock dividends and reclassifications.

When CEG or its permitted transferee exchanges a Class B unit of Clearway Energy LLC for a share of our Class A common stock, we will automatically redeem and cancel a corresponding share of our Class B common stock and the Class B unit will automatically convert into a Class A unit when issued to us; similarly, when CEG or its permitted transferee exchanges a Class D unit of Clearway Energy LLC for a share of our Class C common stock, we will automatically redeem and cancel a corresponding share of our Class D common stock and the Class D unit will automatically convert into a Class C unit when issued to us. As result, when a holder exchanges its Class B units for shares of our Class A common stock, or its Class D units for shares of our Class C common stock, our interest in Clearway Energy LLC will be correspondingly increased.

#### **REGISTRATION RIGHTS AGREEMENT**

We entered into an Amended and Restated Registration Rights Agreement with NRG (Registration Rights Agreement), which was assigned to CEG upon the GIP Transaction. Under the Registration Rights Agreement, CEG and its affiliates are entitled to demand registration rights, including the right to demand that a shelf registration statement be filed, and "piggyback" registration rights, for shares of our Class A common stock that are issuable upon exchange of Class B units of Clearway Energy LLC that CEG owns and shares of our Class C common stock that are issuable upon exchange of the Class D units of Clearway Energy LLC that CEG owns.

#### **PROCEDURES FOR REVIEW, APPROVAL AND RATIFICATION OF RELATED PERSON TRANSACTIONS; CONFLICTS OF INTEREST**

Our Board has adopted a written Related Person Transaction Policy (Related Person Policy) that provides that the Corporate Governance, Conflicts and Nominating Committee will periodically review all related person transactions that are required to be disclosed under SEC rules and, when appropriate, initially authorize or ratify all such transactions. See "Governance of the Company—Corporate Governance, Conflicts and Nominating Committee."

The Related Person Policy operates in conjunction with our Code of Conduct and is applicable to all "Related Person Transactions", which are all transactions, arrangements or relationships in which:

- the aggregate amount involved will or may be expected to exceed \$50,000 in any calendar year;
- the Company is a participant; and
- any Related Person (as that term is defined below) has or will have a direct or indirect interest.

A "Related Person" is:

- any person who is, or at any time during the applicable period was, a director of the Company or a nominee for director or an executive officer;
- any person who is known to the Company to be the beneficial owner of more than 5% of any class of the Company's voting stock;
- any immediate family member of any of the persons referenced in the preceding two bullets, which means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law of the director, nominee for director, executive officer or more than 5% beneficial owner of any class of the Company's voting stock, and any person (other than a tenant or employee) sharing the household of such director, nominee for director, executive officer or more than 5% beneficial owner of any class of the Company's voting stock; and

- any firm, corporation or other entity in which any of the foregoing persons is a partner or principal or in a similar position or in which such person has a 10% or greater beneficial ownership interest.

In determining whether to recommend the initial approval or ratification of a Related Person Transaction, the Corporate Governance, Conflicts and Nominating Committee considers all of the relevant facts and circumstances available, including (if applicable) but not limited to: (a) whether there is an appropriate business justification for the transaction; (b) the benefits that accrue to us as a result of the transaction; (c) the terms available to unrelated third parties entering into similar transactions; (d) the impact of the transaction on director independence (in the event the related person is a director, an immediate family member of a director or an entity in which a director or an immediate family member of a director is a partner, stockholder, member or executive officer); (e) the availability of other sources for comparable products or services; (f) whether it is a single transaction or a series of ongoing, related transactions; and (g) whether entering into the transaction would be consistent with the Related Person Transaction Policy.

If the aggregate amount involved is expected to be less than \$500,000, the transaction may be approved or ratified by the Chair of the Corporate Governance, Conflicts and Nominating Committee.

As part of its review of each Related Person Transaction, the Corporate Governance, Conflicts and Nominating Committee will take into account, among other factors it deems appropriate, whether the transaction is on terms no less favorable than the terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the Related Person's interest in the transaction. This Related Person Policy also provides that certain transactions, based on their nature and/or monetary amount, are deemed to be pre-approved or ratified by the Corporate Governance, Conflicts and Nominating Committee and do not require separate approval or ratification.

Transactions involving ongoing relationships with a Related Person will be reviewed and assessed at least annually by the Corporate Governance, Conflicts and Nominating Committee to ensure that such Related Person Transactions remain appropriate and in compliance with the Committee's guidelines.

The Committee's activities with respect to the review and approval or ratification of all Related Person Transactions are reported periodically to the Board. Any transaction between us and any Related Person, including CEG, will be subject to the prior review and approval of our Corporate Governance, Conflicts and Nominating Committee.

## EXECUTIVE SUMMARY

### EXECUTIVE COMPENSATION PROGRAM

Clearway is a publicly-traded energy infrastructure investor and owner of modern, sustainable and long-term contracted assets across North America. As a result of the GIP Transaction which closed on August 31, 2018, NRG no longer has a majority voting interest in the Company. Rather, GIP, through its portfolio company, CEG, holds all of our Class B common stock and Class D common stock and thus has the majority voting interest in the Company. Through the course of the year, in connection with the GIP Transaction, we expanded both our executive team as well as our employee base. This CD&A describes the philosophy, elements, implementation and results of our 2018 executive compensation program as it applies to this expanded executive team.

Beginning with our first two employees, Messrs. Sotos and Plotkin in 2016, the Compensation Committee's objectives were to design a simple yet competitive program, which aligned with the interests of our stockholders. In late 2016, the Compensation Committee undertook a full review of our compensation practices to determine the appropriate combination of long-term and short-term compensation features to align pay with the Company's performance and total shareholder return (TSR). As a result, beginning in 2017, the Compensation Committee created a compensation program that is formulaic and performance-based, adding quantitative elements to our annual incentive plan and granting relative performance stock units (RPSUs) as the primary component of incentive compensation. The program was additionally improved to incorporate best practices in compensation design, while ensuring the program was tailored to our business needs and supportive of our compensation objectives.

In 2018, the Compensation Committee did not modify the philosophy behind the compensation program; however, its application was broadened due to the hiring of new executives and employees. Thus, our compensation program in 2018 applied to Messrs. Sotos and Plotkin for the full year and Mr. Malcarney and Ms. Stillwell as of May 11, 2018 and August 31, 2018, respectively. NEO compensation was delivered through a mix of (i) base salary, (ii) an annual incentive bonus opportunity under the annual incentive plan (AIP) and (iii) long-term incentive compensation under our long-term incentive plan (LTIP) in the form of RPSUs that vest after three years, subject to certain performance criteria, and restricted stock units (RSUs) that vest over three years.

At our 2018 Annual Meeting of Stockholders, we received 91% support for our say on pay proposal. We believe these results demonstrate our stockholders understand that our pay practices demonstrate our commitment to pay for performance and that our compensation plans are designed to recognize the performance of the Company.

**KEY GOVERNANCE FEATURES OF OUR EXECUTIVE COMPENSATION PROGRAM**

Our compensation program and practices incorporate several key governance features as highlighted in the table below.

<u>What We Do:</u>	<u>What We Don't Do:</u>
<ul style="list-style-type: none"> <li>• Pay for performance by delivering a substantial majority of our CEO's compensation through equity</li> <li>• Beginning in 2017, the large majority of our equity compensation for Senior Vice Presidents and above is performance-based</li> <li>• Target our peer group median for total direct compensation</li> <li>• Require a double trigger for the acceleration of equity upon a change-in-control</li> <li>• Prevent undue risk taking in our compensation practices and engage in robust risk monitoring</li> <li>• Include clawback policies in our compensation plans</li> <li>• Maintain robust stock ownership guidelines for our NEOs</li> <li>• Provide market-level retirement benefits and limited perquisites</li> <li>• Engage an independent compensation consultant to provide advice to the Compensation Committee with respect to our compensation plans</li> <li>• Conduct an annual say on pay vote</li> </ul>	<ul style="list-style-type: none"> <li>• No excise tax gross-ups upon a change-in-control and no tax gross-ups on perquisites or benefits</li> <li>• No pledging or hedging of the Company's stock by NEOs or directors</li> <li>• No employment agreements for executive officers with the exception of our CEO</li> <li>• No guaranteed bonus payments for our NEOs</li> <li>• No supplemental executive retirement plans</li> <li>• No re-pricing of underwater stock options and no grants below 100% of fair market value</li> </ul>

**BUSINESS STRATEGY AND COMPANY PERFORMANCE**

The Company's primary business strategy is to focus on the acquisition and ownership of assets with predictable, long-term cash flows in order that it may be able to increase the cash dividends paid to holders of the Company's Class A and Class C common stock over time without compromising the ongoing stability of the business. The Company's plan for executing this strategy includes the following key components: focusing on contracted renewable energy and conventional generation and thermal infrastructure assets; growing our business through acquisitions of contracted operating assets primarily in North America; and maintaining sound financial practices to grow our dividend.

The execution of the Company's business strategy produced strong cash from operations and cash available from distribution (CAFD), as well as the following results in 2018:

- Invested \$94 million in new growth investments
- Raised \$754 million in new corporate level formation for growth investments and corporate liability management
- Acquired approximately 234 MW from NRG for aggregate cash consideration of approximately \$70 million through drop down transactions

- Completed the GIP Transaction with less than \$8 million in CAFD leakage

Such results were taken into account by the Compensation Committee in making determinations with respect to the compensation for our NEOs under the 2018 compensation program.

**EXECUTIVE COMPENSATION PROGRAM**

**2018 NAMED EXECUTIVE OFFICERS**

This CD&A describes our compensation program for our NEOs in 2018. For a portion of 2018, Mr. Sotos, our CEO, and Mr. Plotkin, our CFO, were the only officers compensated by the Company. On May 11, 2018, Mr. Malcarney was hired and named Senior Vice President, General Counsel and Corporate Secretary of the Company; and on August 31, 2018, Ms. Stillwell was hired and named Vice President and Chief Accounting Officer of the Company. The Company began compensating Mr. Malcarney and Ms. Stillwell upon their respective hire dates, and therefore they became NEOs from the date of their respective hires through the remainder of the year.

<u>NEO</u>	<u>2018 Title</u>
Christopher S. Sotos	President and Chief Executive Officer
Chad Plotkin	Senior Vice President and Chief Financial Officer
Kevin P. Malcarney	Senior Vice President, General Counsel and Corporate Secretary
Mary-Lee Stillwell	Vice President and Chief Accounting Officer

Any other officers of the Company prior to August 31, 2018, other than Messrs. Sotos, Plotkin and Malcarney, were employed either by NRG or a subsidiary of NRG, and provided management and administration services to us in exchange for a management fee paid to NRG under the terms of the NRG Management Services Agreement, which ended on August 31, 2018 in connection with the closing of the GIP Transaction. Those officers were solely compensated by NRG for their services to NRG as employees of NRG. The NRG Management Services Agreement did not require our executive officers who were compensated by NRG to dedicate a specific amount of time to fulfilling NRG's obligations to us under the NRG Management Services Agreement. Such officers did not receive any compensation from the Company and we did not reimburse NRG for compensation related expenses attributable to such officer's time dedicated to providing services for us.

**GOALS AND OBJECTIVES OF THE PROGRAM**

The Compensation Committee is responsible for the development and implementation of the Company's executive compensation program. The intent of the program is to reward the achievement of the Company's annual goals and objectives while supporting the Company's long-term business strategy. The Compensation Committee is committed to aligning executives' compensation with performance. Our Compensation Committee has designed an executive compensation program that:

- closely aligns our executive compensation with stockholder value creation, avoiding plans that encourage executives to take excessive risk, while driving long-term value to stockholders;
- supports the Company's long-term business strategy, while rewarding our executive team for their individual accomplishments with tailored individual executive compensation metrics and incentives; and
- provides a competitive compensation opportunity while adhering to market standards for compensation.

The Compensation Committee's objectives are achieved through the use of both short-term and long-term incentives. The Company currently targets pay at the median of our Compensation Peer Group (defined below), as described under "Elements of Compensation."

**THE COMPENSATION PROCESS**

**COMPENSATION CONSULTANT**

Pursuant to its charter, the Compensation Committee is authorized to engage, at the expense of the Company, a compensation consultant to provide independent advice, support, and expertise to assist the Compensation Committee in overseeing and reviewing our overall executive compensation strategy, structure, policies and programs, and to assess whether our compensation structure establishes appropriate incentives for management and other key employees. Pay Governance, the Compensation Committee's independent compensation consultant for fiscal year 2018, assisted with executive pay data and director compensation for 2018 and worked with the Compensation Committee to formulate the design of the executive and director compensation programs for 2018. Pay Governance reported directly to the Compensation Committee and provided no other remunerated services to the Company. Pay Governance does not provide services for any of our affiliates. In accordance with SEC rules and requirements, the Company has affirmatively determined that no conflicts of interest exist between the Company and Pay Governance (or any individuals working on the Company's account on behalf of Pay Governance).

**COMPENSATION PEER GROUP ANALYSIS**

The Compensation Committee, with support from Pay Governance, identifies the most appropriate comparator group within relevant industries for purposes of benchmarking compensation. Following the hiring of the first NEOs in 2016, a review of potential compensation peer companies was conducted in 2017 with the assistance of Pay Governance. The Compensation Committee aims to compare our compensation program to a consistent peer group year-to-year but given the dynamic nature of our industry and the companies that constitute it, the Compensation Committee annually examines the list for opportunities for improvement. As a result of such annual review, the Compensation Committee identified a new peer group for compensation benchmarking purposes in 2018 (Compensation Peer Group).

The Compensation Peer Group, comprised of similarly sized publicly-owned energy and utility companies, is identified below.

<u>Company</u>	<u>Ticker</u>	<u>Company</u>	<u>Ticker</u>
Atlantic Power Corporation	NYSE: AT	Northland Power Inc.	TSE: NPI
Boardwalk Pipeline Partners, LP <sup>(1)</sup>	N/A	Ormat Technologies, Inc.	NYSE: ORA
El Paso Electric Company	NYSE: EE	Pattern Energy Group Inc.	NASDAQ: PEGI
Genesis Energy, L.P.	NYSE: GEL	South Jersey Industries, Inc.	NYSE: SJI
Innergex Renewable Energy Inc.	TSE: INE		

(1) In July 2018, Boardwalk Pipeline Partners, LP became a privately held, wholly owned subsidiary of Loews Corporation and was delisted.

For the purposes of determining appropriate CEO and CFO pay levels for 2018, the Compensation Committee reviewed CEO and CFO compensation from peers, where available and appropriate. To supplement this analysis, the Compensation Committee also reviewed appropriate third-party survey data.

**ELEMENTS OF COMPENSATION**

Our compensation program for our NEOs consists of fixed compensation (base salary), performance-based compensation (AIP bonus and RPSUs) and time-based compensation (RSUs). We use the median percentile of our Compensation Peer Group as a guidepost in establishing the targeted levels of total direct compensation (cash and equity) for our NEOs. We expect that, over time, targeted total direct compensation for our NEOs will continue to land near the median of our Compensation Peer Group. Realized pay in a given year depends on the achievement of defined performance-based compensation metrics. While a portion of our compensation is fixed, a significant percentage is at-risk and payable and/or realizable only if certain performance objectives are met.

**BASE SALARY**

Base salary compensates NEOs for their level of experience and position responsibilities and for the continued expectation of superior performance. Recommendations on increases to base salary take into account, among other factors, the NEO's individual performance, the general contributions of the NEO to overall corporate performance, and the level of responsibility of the NEO with respect to his or her specific position. For 2018, the base salaries for Messrs. Sotos and Plotkin were not increased. The base salary for each NEO is set forth below:

<u>Named Executive Officer</u>	<u>2018 Annualized Base Salary (\$)</u>	<u>Percentage Increase Over 2017 (%)<sup>(1)</sup></u>	<u>Actual 2018 Base Salary Earnings (\$)</u>
<b>Christopher S. Sotos</b>	500,000	0%	500,000
<b>Chad Plotkin</b>	350,000	0%	350,000
<b>Kevin P. Malcarney<sup>(2)</sup></b>	300,000	N/A	180,000 <sup>(4)</sup>
<b>Mary-Lee Stillwell<sup>(3)</sup></b>	295,000	N/A	86,231 <sup>(4)</sup>

(1) As compared to the December 31, 2017 annualized base salary.

(2) Mr. Malcarney was hired on May 11, 2018.

(3) Ms. Stillwell was hired on August 31, 2018.

(4) Pro-rated based on length of time employed by the Company.

**ANNUAL INCENTIVE COMPENSATION**

*Overview*

Annual incentive bonus compensation awards (AIP bonuses) are made under our AIP. AIP bonuses are short-term compensation designed to compensate NEOs for meeting annual Company and individual goals, both financial and non-financial. The AIP bonus opportunity is defined as a percentage of each NEO's annual base salary. AIP bonuses are subject to the following requirements:

- A threshold CAFD performance metric (AIP Gate) is established for each plan year at a level the Compensation Committee believes is appropriate for a minimally acceptable level of financial performance. For 2018, the AIP Gate was \$242 million.
- Beyond serving as a "gate" to any payout, CAFD is also a distinct portion of our annual incentive framework. The Compensation Committee establishes threshold, target, and maximum levels of achievement for the CAFD goal, with the target set to be challenging but achievable.

For 2018, the CAFD goals and the achieved level are set forth in the chart below. The Company achieved CAFD of approximately \$289 million, surpassing the AIP Gate and the CAFD target.

<u>CAFD Threshold</u> \$242 million	<u>CAFD Target</u> \$ 280 million	<u>CAFD Maximum</u> \$ 318 million	<u>CAFD Actual</u> \$ 289 million
--	--	---	--

- Achievement of "key financial milestones" performance metrics are also established as a defined annual incentive category. The Compensation Committee establishes threshold, target, and maximum levels of performance for this category based on the number of milestones achieved. For 2018, threshold performance required the achievement of three out of eight key financial milestones, target performance required the achievement of five out of eight key financial milestones, and maximum performance required the achievement of seven out of eight key financial milestones. Each of the key financial milestones is set forth in the chart below. Threshold was surpassed with the achievement of four out of eight key milestones in 2018.

<u>KEY FINANCIAL MILESTONE</u>	<u>ACHIEVEMENT REQUIRED</u>	<u>STATUS</u>

Refinance Revolver	Refinance Revolver with increased maturity beyond 2022	Achieved

- Achievement of "key transaction milestones" performance metrics are also established as a defined annual incentive category. The Compensation Committee establishes threshold, target, and maximum levels of performance for this category based on the number of milestones achieved. For 2018, threshold performance required the achievement of one out of four key transaction milestones, target performance required the achievement of two out of four key transaction milestones, and maximum performance required the achievement of three out of four key transaction milestones. Each of the key transaction milestones is set forth in the chart

below. Maximum performance was reached with the achievement of three out of four key transaction milestones in 2018.

KEY TRANSACTION MILESTONE	ACHIEVEMENT REQUIRED	STATUS

- Individual performance metrics are measured on a discretionary basis based on the Compensation Committee's assessment of the successful execution of the Company's business strategy. In 2018, the Compensation Committee considered the performance of the NEOs in surpassing both the CAFD and key transaction milestone targets, as well as the overall performance of the Company. The Compensation Committee determined that individual performance for the NEOs was achieved at target.

The Compensation Committee establishes the AIP performance metrics and goals for the NEOs after reviewing the Company's business strategy and other matters. The Compensation Committee retains sole discretion under the AIP to reduce the amount of or eliminate any AIP bonuses that are otherwise payable under the AIP.

#### **Annual Incentive Bonus Opportunity**

The threshold, target and maximum AIP bonus opportunities for NEOs for 2018, expressed as a percentage of base salary, were:

Named Executive Officer	Gate Not Met (%)	Threshold (%) <sup>(1)</sup>	Target (%) <sup>(1)</sup>	Maximum (%)	Target Amount (\$)
Christopher S. Sotos	0	50	100	200	500,000
Chad Plotkin	0	25	50	100	175,000
Kevin Malcarney	0	20	40	80	120,000
Mary-Lee Stillwell	0	20	40	80	118,000

- (1) This assumes that the CAFD performance metric and all other quantitative and qualitative goals, including the key milestones, are achieved at threshold or target levels, respectively.

**2018 AIP Bonus Performance Criteria**

The AIP bonus performance criteria applicable to all NEOs are based upon our 2018 corporate business strategy and individual performance, which includes the GIP Transaction. The table below sets forth the 2018 AIP performance criteria and weightings applicable to all NEOs, assuming the achievement of each goal at target.

<u>Goal</u>	<u>Weight</u>
CAFD <sup>(1)</sup>	20%
Key Financial Milestones	27.5%
Key Transaction Milestones	27.5%
Individual Performance	25%
<b>Overall Funding</b>	<b>100%</b>

- (1) CAFD is adjusted earnings before interest, taxes, depreciation and amortization (Adjusted EBITDA) plus cash distributions/return of investment from unconsolidated affiliates, cash receipts from notes receivable, cash distributions from noncontrolling interests, less cash distributions to noncontrolling interests, maintenance capital expenditures, pro-rata Adjusted EBITDA from unconsolidated affiliates, cash interest paid, income taxes paid, principal amortization of indebtedness, Walnut Creek investment payments, and changes in prepaid and accrued capacity payments.

**2018 Annual Incentive Bonuses**

As noted above, with respect to AIP bonuses for 2018, the AIP Gate was \$242 million, the CAFD target was \$280 million, the key financial milestone target was achievement of five out of eight key financial milestones, and the key transaction milestone target was achievement of two out of four key transaction milestones.

For 2018, the AIP Gate was surpassed, CAFD was above target at approximately \$289 million, four out of eight key financial milestones were achieved, and three out of four key transaction milestones were achieved. Due to the achievement of the CAFD metrics above target and key transaction milestones at maximum, our NEOs received AIP bonuses at levels above target. If performance falls between target and maximum, as was the case for the CAFD, the bonus opportunity is interpolated to reflect achievement above target levels. If performance falls between threshold and target, as was the case for the key financial milestones, the bonus opportunity is interpolated to reflect achievement below target levels. As a result, the CAFD metric, the key financial milestone, and the key transaction milestone metrics were respectively weighted at 124%, 75% and 200% of target. Individual performance, which is measured on a discretionary basis, was achieved at target and weighted at 100% of target. As a result, our NEOs received an aggregate payout of AIP bonuses at 125% of target.

The annual incentive bonuses paid to NEOs for 2018 were:

<u>Named Executive Officer</u>	<u>Percentage of Annual Base Salary (%)</u>	<u>Percent of Target Achieved (%)</u>	<u>Annual Incentive Payment (\$)</u>
Christopher S. Sotos	125	125	626,809
Chad Plotkin	63	125	219,383
Kevin P. Malcarney	50	125	96,855 <sup>(1)</sup>
Mary-Lee Stillwell	50	125	49,849 <sup>(1)</sup>

- (1) Pro-rated based on length of time employed by the Company.

## LONG-TERM INCENTIVE COMPENSATION

We believe that equity awards directly align our NEOs' interests with those of our stockholders. In 2018, the Compensation Committee granted our CEO and CFO a combination of performance-based equity awards directly linked to long-term stockholder value creation and retentive equity awards. To enhance our compensation program's focus on Company performance, the large majority of these long-term incentive awards (67%) were delivered using RPSUs. Although a critical component of our long-term design due to the retention aspects of the award, RSUs comprised only 33% of each of the CEO and CFO's grant date award opportunity. We believe that our AIP appropriately focuses our NEOs on shorter-term (one-year) financial metrics while our LTIP emphasizes long-term stockholder value creation (i.e. three-year TSR outperformance). For 2018, Mr. Sotos' target LTIP award was 250% of his base salary, and Mr. Plotkin's target LTIP award was 100% of his base salary. The NEOs hired in 2018, Mr. Malcarney and Ms. Stillwell, received RSU awards under our LTIP representing the value of NRG equity awards they forfeited upon their termination of employment with NRG. The mix of long-term incentive compensation applied to the CEO and the CFO for 2018 was applied to all NEOs, except Ms. Stillwell, for 2019.

### *Relative Performance Stock Units*

Each RPSU represents the potential to receive one share of Class C common stock based on the Company's TSR performance ranked against the TSR performance of a comparator group of similar companies (the Performance Peer Group) after the completion of a three-year performance period. Relative measures are designed to normalize for externalities, ensuring the program appropriately reflects management's impact on the Company's TSR by including peer companies that the Compensation Committee believes are similarly impacted by market conditions.

The payout of shares of Class C common stock at the end of the three-year performance period is based on the Company's TSR performance percentile rank compared with the TSR performance of the Performance Peer Group. To ensure a rigorous program design, the target-level payout (100% of shares granted) requires the Company to perform at the 50th percentile. To induce management to achieve greater than target-level performance in a down market, in the event that the Company's TSR performance declines by more than 20% over the performance period, the target-level payout (100% of shares granted) will require an even greater achievement of a 60th percentile performance. The Compensation Committee believes that this increased performance requirement addresses the concern that a disproportionate award may be paid in the event that our relative performance is high, but absolute performance is low.

In the event relative performance is below the 25th percentile, the award is forfeited. In the event relative performance is between the 25th percentile and the 50th percentile (or the 60th percentile if our TSR performance declines by more than 20% over the performance period), payouts will be based on an interpolated calculation. In the event relative performance reaches the 50th percentile (or the 60th percentile as described above), 100% of the award will be paid. In the event relative performance is between the 50th percentile (or the 60th percentile as described above) and the 75th percentile, payouts will be based on an interpolated calculation. In the event that relative performance is at or above the 75<sup>th</sup> percentile, a maximum payout of 150% of the target will be paid. The maximum payout was changed in 2018 to 150% from 200% in 2017 because the Compensation Committee believed that it was in the best interest of the Company and its stockholders to curtail any form of excessive payment and that reducing the payout was appropriate and would not hinder its ability to compensate the executive officers.

The table below illustrates the design of our RPSUs in 2018.

Performance Targets	Performance Requirement		Payout Opportunity
<i>Maximum</i>	75th percentile or above		150%
<i>Target</i>	<b>Standard Target:</b> 50th percentile	<b>Modified Target:</b> 60th percentile (less than -20% absolute TSR)	100%
<i>Threshold</i>	25th percentile		25%
<i>Below Threshold</i>	Below 25th percentile		0%

**Restricted Stock Units**

Each RSU represents the right to receive one share of our Class C common stock after the completion of the vesting period. The RSUs granted to the CEO and CFO in 2018 vest ratably, meaning that one-third of the award vests each year on the anniversary of the grant date, over a three-year period. The RSUs granted to Mr. Malcarney and Ms. Stillwell in 2018 will vest over a period of approximately two and a half years.

**Dividend Equivalent Rights**

In connection with awards of both RPSUs and RSUs, each NEO also receives DERs, which accrue with respect to the award to which they relate. Accrued DERs are paid at the same time that the shares of Class C common stock underlying each award are delivered to the NEO and are forfeited if the underlying shares are forfeited.

**CLAWBACKS**

The Company has a "clawback" policy with regard to awards made under the AIP and LTIP in the case of a material financial restatement, including a restatement resulting from employee misconduct, or in the case of fraud, embezzlement or other serious misconduct that is materially detrimental to the Company. The Compensation Committee retains discretion regarding application of the policy. The policy is incremental to other remedies that are available to the Company. In addition to our "clawback" policy, if the Company is required to restate its earnings as a result of noncompliance with a financial reporting requirement due to misconduct, under the Sarbanes-Oxley Act of 2002 (SOX), the CEO and the CFO would also be subject to a "clawback," as required by SOX.

**BENEFITS**

All of our NEOs participate in the same retirement, life insurance, health and welfare plans. To generally support more complicated financial planning and estate planning matters, NEOs are eligible for reimbursement of annual tax return preparation, tax advice, financial planning and estate planning expenses. Mr. Sotos is eligible for a maximum reimbursement of \$12,000 per year and the remaining NEOs are eligible for a maximum reimbursement of \$3,000 per year.

**POTENTIAL SEVERANCE AND CHANGE-IN-CONTROL BENEFITS**

Mr. Sotos, pursuant to his employment agreement, and the remaining NEOs, pursuant to the Company's Executive Change-in-Control and General Severance Plan for Tier IA and Tier IIA Executives (CIC Plan) as well as pursuant to the Compensation Committee's discretion under the Annual Incentive Plan for Corporate Officers, are entitled to severance payments and benefits in the event of termination of employment under certain circumstances, including following a change-in-control.

Change-in-control agreements are considered market practice among publicly-held companies. Most often, these agreements are utilized to encourage executives to remain with the company during periods of extreme job uncertainty and to ensure that any potential transaction is thoroughly evaluated. In order to enable a smooth transition during an interim period, change-in-control agreements provide a defined level of security for the executive and the company, enabling a more seamless implementation of a particular acquisition or an asset sale or purchase, and subsequent integration.

For a more detailed discussion, including the quantification of potential payments, please see the section entitled "Severance and Change-in-Control" following the executive compensation tables below.

## OTHER MATTERS

### STOCK OWNERSHIP GUIDELINES

The Compensation Committee and the Board require the CEO to hold Company stock with a value equal to 4.0 times his base salary until his separation from the Company. Senior Vice Presidents are required to hold Company stock with a value equal to 2.0 times their base salary until their separation from the Company. The Chief Accounting Officer is required to hold Company stock with a value of 1.5 times her base salary until her separation from the Company. Personal holdings and vested awards count towards the ownership multiple. Although NEOs are not required to make purchases of our common stock to meet their target ownership multiple, NEOs are restricted from divesting any securities until such ownership multiples are attained, except in the event of hardship or to make a required tax payment, and they must maintain their ownership multiple after any such transactions. Once met, they must maintain their ownership multiple during their service. The current target stock ownership for NEOs as of March 1, 2019 is shown below. Mr. Sotos and Mr. Plotkin became subject to the stock ownership guidelines upon becoming NEOs in 2016. In addition, Mr. Malcarney and Ms. Stillwell became subject to the stock ownership guidelines upon becoming NEOs in 2018. As such, all of the NEOs continue to work towards meeting the required ownership multiple.

<u>Named Executive Officer</u>	<u>Target Ownership Multiple</u>	<u>Actual Ownership Multiple</u>
Christopher S. Sotos	4.0x	3.3x
Chad Plotkin	2.0x	1.1x
Kevin P. Malcarney	2.0x	1.0x
Mary-Lee Stillwell	1.5x	0.8x

### TAX AND ACCOUNTING CONSIDERATIONS

Section 162(m) of the Internal Revenue Code (Code) precludes us, as a public company, from taking a tax deduction for individual compensation to any NEO who is a "covered employee" in excess of \$1 million, subject to certain exemptions. Prior to 2018, the exemptions included an exclusion of performance-based compensation within the meaning of Section 162(m). The Tax Cuts and Jobs Act, enacted in December 2017, however, amended Section 162(m) and eliminated the exclusion of performance-based compensation from the \$1 million limit, subject to certain new exemptions for performance-based compensation that is "grandfathered" compensation within the meaning of amended Section 162(m). The Compensation Committee believes tax deductibility of compensation is an important consideration and, for 2018, the Compensation Committee considered the implications of legislative changes to Section 162(m) and the possible effect of exemptions for grandfathered plans. However, the Compensation Committee also believes that it is important to retain flexibility in designing compensation programs, and as a result, has not adopted a policy that any particular amount of compensation must be deductible to the Company under Section 162(m).

The Compensation Committee also takes into account tax consequences to NEOs in designing the various elements of our compensation program, such as designing the terms of awards to defer immediate income recognition in accordance with Section 409A of the Code. The Compensation Committee remains informed of, and takes into account, the accounting implications of its compensation programs. However, the Compensation Committee approves programs based on their total alignment with our strategy and long-term goals.

## EMPLOYMENT AGREEMENTS

The Company has not entered into employment agreements with any officers other than Mr. Sotos.

On August 8, 2016, the Company entered into an employment agreement with Mr. Sotos pursuant to which Mr. Sotos serves as the Company's President and CEO for the term that began on May 6, 2016 (Effective Date) and ending on the date that his employment is terminated by either party. The employment agreement entitled Mr. Sotos to an annual base salary of \$500,000 for the period beginning on the Effective Date and ended on December 31, 2016. For each annual period thereafter, our Board determines whether to increase Mr. Sotos' annual base salary. The employment agreement provides that, beginning with the 2016 fiscal year, Mr. Sotos is eligible to receive an annual bonus at a target amount equal to 100% of base salary (Annual Bonus), based on achievement of criteria determined by the Board with input from Mr. Sotos. The maximum award opportunity each year is 200% of the target amount. The employment agreement further provides that Mr. Sotos is eligible to participate in the LTIP, on such terms as are set forth in the plan. Mr. Sotos' target LTIP award for the 2018 fiscal year was 250% of base salary.

In addition to the compensation and benefits described above, as well as paid vacation and director and officer liability insurance, the employment agreement provides that Mr. Sotos will receive the following:

- Reimbursement for annual tax return preparation expenses and tax advice and financial planning, up to a maximum of \$12,000 per year;
- Eligibility to participate in the Company's retirement plans, health and welfare plans, and disability insurance plans under the same terms, and to the same extent, as other senior management of the Company;
- Reimbursement for the costs of litigation or other disputes incurred in asserting any claims under the employment agreement, unless the court finds in favor of the Company; and
- Reimbursement for legal fees and expenses incurred in connection with negotiating the employment agreement and other agreements referenced therein, up to a maximum of \$6,000, which reimbursement was completed in 2016.

The employment agreement also entitles him to certain severance payments and benefits in the event his employment terminates under certain circumstances. These severance payments and benefits are described and quantified under the section "Severance and Change-in-Control" below. In addition, under the employment agreement, the Company has agreed to indemnify Mr. Sotos against any claims arising as a result of his position with the Company to the maximum extent permitted by law.

The employment agreement includes non-competition and non-solicitation restrictions on Mr. Sotos during the term of his employment and for one year after his termination of employment. The employment agreement also includes confidentiality, indemnification obligations and intellectual property restrictions and an obligation for Mr. Sotos to cooperate with the Company in the event of any internal, administrative, regulatory, or judicial proceeding. The provisions of the employment agreement may only be waived with the written consent of the Company and Mr. Sotos.

## SEVERANCE AND CHANGE-IN-CONTROL

Mr. Sotos, pursuant to his employment agreement, and the NEOs, pursuant to the CIC Plan, are entitled to certain severance payments and benefits in the event of termination of employment under certain circumstances, including following a change-in-control.

### MR. SOTOS' BENEFITS

If Mr. Sotos' employment is involuntarily terminated by the Company without cause or if he terminates his employment for good reason, subject to Mr. Sotos executing a release of claims, the Company agrees to provide Mr. Sotos with the following severance benefits:

- A lump sum payment equal to no less than one and a half times Mr. Sotos' annual base salary in effect at the time of the Effective Date;
- The target bonus opportunity for the Annual Bonus for the year of termination, paid 45 days after termination, which amount will be pro-rated based on the number of days during the year that he was employed by the Company;
- Any unpaid bonus amount for the prior fiscal year to the extent not paid prior to the termination date; and
- Reimbursement of COBRA premiums for 18 months after the date of termination, except that such coverage will be discontinued if Mr. Sotos becomes eligible for medical benefits from a subsequent employer or otherwise.

If Mr. Sotos' employment is involuntarily terminated by the Company without cause or if he terminates his employment for good reason within the six months immediately prior to, or the 12 months immediately following, a change-in-control of the Company, in lieu of the severance benefits set forth above, the Company will provide Mr. Sotos with the following severance benefits:

- A lump sum payment of no less than three times the sum of (a) Mr. Sotos' base salary in effect at the Effective Date and (b) Mr. Sotos' target Annual Bonus for the year of termination;
- A lump sum payment equal to the target bonus opportunity under the then-current bonus plan, which amount will be pro-rated based on the number of days during the year that he was employed by the Company;
- Any unpaid bonus amount for the prior fiscal year to the extent not paid prior to the termination date; and
- Reimbursement of COBRA premiums for 18 months after the date of termination, except that such coverage will be discontinued if Mr. Sotos becomes eligible for medical benefits from a subsequent employer or otherwise.

If Mr. Sotos' employment is terminated as a result of his death or disability, the Company agrees to pay him an amount equal to the target Annual Bonus for the year of termination, which amount will be pro-rated based on the number of days during the year that Mr. Sotos' was employed by the Company. In addition, the Company will pay Mr. Sotos any unpaid bonus amount for the prior fiscal year to the extent not paid prior to the termination date.

If an excise tax under Section 4999 of the Code would be triggered by any payments under Mr. Sotos' employment agreement or otherwise upon a change-in-control, the Company will reduce such payments so that no amounts are subject to Section 4999 of the Code, if such reduction would cause the amount to be retained by Mr. Sotos to be greater than if Mr. Sotos were required to pay such excise tax.

## NEO BENEFITS

Under the CIC Plan, NEOs are entitled to the better of a change-in-control benefit, which shall be limited to \$1 less than the amount subject to the excise tax under Section 4999 of the Code, or the full payment that is subject to the excise tax (which is then payable by him or her). In the event of involuntary termination without cause, NEOs are entitled to a general severance benefit equal to 1.5 times base salary payable in a lump sum amount and reimbursement for COBRA benefits continuation cost for a period of 18 months under the CIC Plan.

The CIC Plan also provides a change-in-control benefit in the event that, within six months prior to, as well as 12 months following, a change-in-control, an NEO's employment is either involuntarily terminated by the Company without cause or voluntarily terminated by such NEO for good reason. Mr. Plotkin's change-in-control benefit consists of an amount equal to 2.99 times the sum of his base salary plus the annual target incentive for the year of termination, payable in a lump sum amount. The change-in-control benefit for NEOs other than Mr. Plotkin consists of an amount equal to 2.0 times the sum of their base salary plus the annual target incentive for the year of termination, payable in a lump sum amount. All NEOs are also eligible for an amount equal to their target bonus for the year of termination, prorated for the number of days during the performance period that the NEO was employed by the Company and reimbursement for COBRA benefits continuation cost for a period of 18 months.

As a condition of receiving severance or change-in-control benefits, NEOs must execute a release of claims and acknowledge the restrictive covenants in the CIC Plan. Such restrictive covenants include non-competition, non-solicitation and non-disparagement covenants applicable for one year after termination, confidentiality and intellectual property obligations.

Effective January 1, 2019, the AIP was amended to include designated officers as participants, granting NEOs eligibility for a target bonus payment for the year of a severance termination, prorated for the number of days during the performance period that the NEO was employed. The Compensation Committee also approved the eligibility of NEOs to receive a prorated AIP bonus payment prior to 2019 under the Annual Incentive Plan for Corporate Officers.

## DEFINITION OF CHANGE-IN-CONTROL

In general, under Mr. Sotos' employment agreement and the CIC Plan, a "change-in-control" occurs in the event: (a) any person or entity other than NRG, or CEG as of the GIP Transaction, becomes the direct or indirect beneficial owner of 50% or more of the Company's voting stock or obtains the power to, directly or indirectly, vote or cause to be voted 50% or more of the Company's capital stock entitled to vote in the election of directors, including by contract or through proxy, (b) directors serving on the Board as of a specified date cease to constitute at least a majority of the Board unless such directors are approved by a vote of at least two-thirds (<sup>2</sup>/<sub>3</sub>) of the incumbent directors, provided that a person whose assumption of office is in connection with an actual or threatened election contest or actual or threatened solicitation of proxies including by reason of agreement intended to avoid or settle such contest shall not be considered to be an incumbent director, (c) any reorganization, merger, consolidation, sale of all or substantially all of the assets of the Company or other transaction is consummated and the previous stockholders of the Company fail to own at least 50% of the combined voting power of the resulting entity or (d) the stockholders approve a plan or proposal to liquidate or dissolve the Company. An involuntary termination without "cause" means the NEO's termination by the Company for any reason other than the NEO's conviction of, or agreement to a plea of nolo contendere to, a felony or other crime involving moral turpitude, willful failure to perform his duties, willful gross neglect or willful gross misconduct or a breach of the confidentiality provisions in the CIC Plan (or in Mr. Sotos' case, a material breach of his employment agreement).

A voluntary termination for "good reason" means the resignation of the executive officer in the event of a material reduction in his compensation or benefits, a material diminution in his title, authority, duties or responsibilities, or the failure of a successor to the Company to assume the CIC Plan. In the case of Mr. Sotos only, "good reason" also includes any material failure by the Company to comply with his employment agreement, his removal from the Board, the failure to elect him to the Board during any regular election, or a change in reporting structure of the Company requiring Mr. Sotos to report to anyone other than the Board.

**POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL**

The amount of compensation payable to each NEO in each circumstance is shown in the table below, assuming that termination of employment occurred as of December 31, 2018, and including payments that would have been earned as of such date. The amounts shown below do not include benefits payable under the Company's 401(k) plan.

<u>Named Executive Officer</u>	<u>Involuntary Termination Not for Cause (\$)</u>	<u>Voluntary Termination for Good Reason (\$)</u>	<u>Involuntary Not for Cause or Voluntary for Good Reason Following a Change in Control (\$)</u>	<u>Death or Disability (\$)</u>
Christopher S. Sotos	1,280,155	1,280,155	7,119,569	4,089,414
Chad Plotkin	729,773	729,773	2,062,932	887,261
Kevin P. Malcarney	600,793	600,793	1,594,369	723,576
Mary-Lee Stillwell	866,321	590,273	1,473,830	618,056

**CEO PAY RATIO**

As a result of the recently adopted rules under the Dodd-Frank Act, the SEC requires disclosure of the CEO to median employee pay ratio. The following is a reasonable estimate, prepared under applicable SEC rules, of the ratio of the annual total compensation of our CEO, Mr. Sotos, to the annual total compensation of our median employee.

To reasonably identify the median employee, the Company extracted and ranked annual base wages of all 268 employees employed as of December 31, 2018 (excluding the CEO) from the Company's HRIS system of record. The median employee identified was hired mid-year and as a result, base salary wages were annualized as permitted under SEC rules to establish representative annual total compensation.

- The annual total compensation of the median employee for 2018 was \$74,645.
- The annual total compensation of Mr. Sotos for 2018 was \$2,398,180.
- As a result, we estimate that Mr. Sotos' 2018 annual total compensation was approximately 32 times that of our median employee.

Given the different methodologies, exemptions, estimates and assumptions that various public companies use to determine an estimate of their pay ratio, the estimated ratio reported above should not be solely used as a basis for comparison between companies.

## AUDIT COMMITTEE REPORT

The primary purpose of the Audit Committee is to assist the Board in its general oversight of the Company's financial reporting process. The Audit Committee's function is more fully described previously in this Proxy Statement and in its charter. The Audit Committee reviews the charter on an annual basis. The Board annually reviews the New York Stock Exchange listing standards' definition of independence for audit committee members and has determined that each member of the Audit Committee meets that standard. The Board has also determined that each of the three members of the Audit Committee who served as such in 2018 met the requirements of an "audit committee financial expert."

Management is responsible for the preparation, presentation, and integrity of the Company's financial statements, accounting and financial reporting principles, internal controls and procedures designed to ensure compliance with accounting standards, applicable laws, and regulations.

The Company's independent registered public accounting firm for the fiscal year 2018, KPMG LLP, is responsible for performing an independent audit of the consolidated financial statements and expressing an opinion on the conformity of those financial statements with generally accepted accounting principles and auditing the Company's internal control over financial reporting.

The Audit Committee has reviewed and discussed the audited financial statements of the Company for the fiscal year ended December 31, 2018 with the Company's management and has discussed with KPMG LLP the matters required to be discussed by the PCAOB Auditing Standard No. 1301, as amended, "Communication with Audit Committees." In addition, KPMG LLP has provided the Audit Committee with the written disclosures and the letter required by Statement on the PCAOB Auditing Standard No. 1301, "Communication with Audit Committees," and the Audit Committee has discussed with KPMG LLP their independence. The Audit Committee also reviewed, and discussed with management and KPMG LLP, management's report and KPMG LLP's report and attestation on internal control over financial reporting in accordance with Section 404 of the Sarbanes-Oxley Act of 2002.

Based on these reviews and discussions, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2018, for filing with the Securities and Exchange Commission.

The Audit Committee has established a policy regarding pre-approval of all audit and permissible nonaudit services provided by the independent registered public accounting firm.

The Audit Committee annually reviews and pre-approves services that are expected to be provided by the independent registered public accounting firm. The term of the pre-approval is 12 months from the date of the pre-approval, unless the Audit Committee approves a shorter time period. The Audit Committee may periodically amend and/or supplement the pre-approved services based on subsequent determinations.

Unless the Audit Committee has pre-approved Audit Services or a specified category of nonaudit services, any engagement to provide such services must be pre-approved by the Audit Committee if it is to be provided by the independent registered public accounting firm. The Audit Committee must also

pre-approve any proposed services exceeding the pre-approved budgeted fee levels for a specified type of service.

## QUESTIONS AND ANSWERS

### WHAT IS THE PURPOSE OF THE ANNUAL MEETING?

The purpose of the Annual Meeting is to:

1. elect nine directors;
2. approve the Amended and Restated Certificate of Incorporation Proposal;
3. approve the Say on Pay Proposal;
4. approve the Ratification of KPMG LLP's Appointment Proposal; and
5. conduct such other business as may properly come before the Annual Meeting and any adjournment or postponement.

Other than these proposals, the Board is not aware of any other matters to be presented for a vote at the Annual Meeting.

### WHO IS ENTITLED TO VOTE AT THE ANNUAL MEETING?

All of our stockholders may attend the Annual Meeting. However, only stockholders who owned our Class A, Class B, Class C or Class D common stock at the close of business on March 4, 2019, the record date for the Annual Meeting, or their duly appointed proxies, are entitled to vote at the Annual Meeting.

Many stockholders hold their shares through a stockbroker, bank, trustee or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially:

- *Stockholder of Record*—If your shares are registered directly in your name with our transfer agent, Computershare, you are considered the stockholder of record of those shares.
- *Beneficial Owner*—If your shares are held in a stock brokerage account, or by a bank, trustee, or other nominee, you are considered the beneficial owner of shares held in "street name." As the beneficial owner, you have the right to direct your broker, trustee or nominee on how to vote and you are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote these shares in person at the Annual Meeting, unless you follow the procedures of your broker, trustee or nominee for obtaining a legal proxy. Your broker, trustee, or nominee is obligated to provide you with a voting instruction card for you to use to vote in person at the Annual Meeting.

### HOW MANY VOTES DO I HAVE?

You have one vote for each share of our Class A or Class B common stock you owned as of the record date for the Annual Meeting. You have 1/100<sup>th</sup> of one vote for each share of our Class C or Class D common stock you owned as of the record date for the Annual Meeting. Holders of shares of our Class A, Class B, Class C and Class D common stock vote together as a single class on all matters presented to our stockholders for their vote or approval, except as otherwise provided by applicable law. GIP, through its ownership of all of our outstanding Class B and Class D common stock, held approximately \_\_\_\_\_ of the combined voting power of our common stock as of the record date.

## WHAT ARE THE RECOMMENDATIONS OF THE BOARD?

The Board recommends a vote:

1. **FOR** the election of the director nominees;
2. **FOR** the Amended and Restated Certificate of Incorporation Proposal;
3. **FOR** the Say on Pay Proposal; and
4. **FOR** the Ratification of KPMG LLP's Appointment Proposal.

If you grant a proxy and any additional matters are properly presented for a vote at the Annual Meeting, either of the persons named as proxy holders, Christopher S. Sotos or Kevin P. Malcarney, will have the discretion to vote your shares.

## HOW MANY VOTES MUST BE PRESENT TO HOLD THE ANNUAL MEETING?

We will have a quorum, and will be able to conduct the business of the Annual Meeting, if the holders of a majority in voting power of the outstanding shares of our Class A, Class B, Class C and Class D common stock entitled to vote at the Annual Meeting are represented in person or by proxy at the Annual Meeting. As of the record date, there were \_\_\_\_\_ votes entitled to be cast in the aggregate by the holders of all shares of our common stock outstanding, consisting of:

- \_\_\_\_\_ shares of our Class A common stock (representing the same number of votes);
- \_\_\_\_\_ shares of our Class B common stock (representing the same number of votes);
- \_\_\_\_\_ shares of our Class C common stock (representing \_\_\_\_\_ votes); and
- \_\_\_\_\_ shares of our Class D common stock (representing \_\_\_\_\_ votes).

The presence of holders entitled to cast at least \_\_\_\_\_ votes will be required to establish a quorum. Both abstentions and broker non-votes, if any, are counted as present for determining the presence of a quorum. For more information regarding the treatment of abstentions and broker non-votes, see "What are abstentions and broker non-votes and how are they treated?"

## WHAT VOTE IS REQUIRED TO APPROVE EACH PROPOSAL?

1. *Election of Directors*—The nominees for election as directors at the Annual Meeting will be elected by the vote of a plurality of the votes entitled to be cast by all shares of our common stock entitled to vote on the election, voting as a single class and represented in person or by proxy at the Annual Meeting. This means the director nominees receiving the highest number of affirmative votes will be elected as directors. Votes withheld from a director nominee will have no effect on the election of the director from whom votes are withheld.
2. *Amended and Restated Certificate of Incorporation Proposal*—This proposal requires the affirmative vote of 66<sup>2</sup>/3% of the combined voting power of the shares of our common stock outstanding as of the record date and entitled to vote on the proposal.
3. *Say on Pay Proposal*—This proposal requires the affirmative vote of the majority in voting power of the shares of our common stock present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal. While this is an advisory vote, the Board and the Compensation Committee value the opinions of stockholders and if there are a significant number of votes against this proposal, the Board and the Compensation Committee will consider stockholders' concerns and evaluate actions necessary to address those concerns.
4. *Ratification of KPMG LLP's Appointment Proposal*—This proposal requires the affirmative vote of a majority in voting power of the shares of our common stock present in person or

represented by proxy at the Annual Meeting and entitled to vote on the proposal. If the selection of KPMG LLP as our independent registered public accounting firm is not ratified, the Audit Committee will reconsider its selection.

#### WHAT ARE ABSTENTIONS AND BROKER NON-VOTES AND HOW ARE THEY TREATED?

An abstention occurs when a stockholder or its proxy is present at the meeting and entitled to vote on a proposal but either expressly abstains or does not vote on the proposal. A "broker non-vote" occurs when a broker has not received voting instructions from the beneficial owner with respect to the proposal and the broker does not have discretionary authority to vote the shares because the proposal is non-routine. Brokers who do not receive instructions from the beneficial owner are entitled to vote on the Ratification of KPMG LLP's Appointment, but not on the election of directors, the Amended and Restated Certificate of Incorporation Proposal or Say on Pay Proposal. Broker non-votes and abstentions, if any, will be treated as follows with respect to votes on each of the proposals:

<u>Proposal</u>	<u>Treatment of Abstentions</u>	<u>Treatment of Broker Non-Votes</u>
1. Election of Directors	No effect on this proposal.	No effect on this proposal.
2. Amended and Restated Certificate of Incorporation Proposal	Counted toward the tabulation of votes on this proposal and will have the same effect as a vote AGAINST this proposal.	Counted toward the tabulation of votes on this proposal and will have the same effect as a vote AGAINST this proposal.
3. Say on Pay Proposal	Counted toward the tabulation of votes on this proposal and will have the same effect as a vote AGAINST this proposal.	No effect on this proposal.
4. Ratification of KPMG LLP's Appointment Proposal	Counted toward the tabulation of votes on this proposal and will have the same effect as a vote AGAINST this proposal.	Not applicable since brokers have discretionary authority to vote on this proposal.

#### HOW DO I VOTE?

If you hold shares of Class A, Class B, Class C or Class D common stock directly as the stockholder of record, you may vote in person, by granting a proxy or, if you hold shares in street name (through a bank, broker, trustee or other nominee), by submitting voting instructions to your bank, broker, trustee, or nominee. You may vote over the Internet, by telephone, by mail if you have a paper copy of the proxy materials, or in person at the Annual Meeting. Please refer to the summary instructions below and those included on your proxy card or, for shares held in street name, the voting instruction card included by your bank, broker, trustee, or nominee.

- *Vote By Internet:* If you have Internet access, you may submit your proxy from any location in the world 24 hours a day, 7 days a week, up until 11:59 p.m., Eastern Time on April 30, 2019 by visiting the website provided on the Notice of Internet Availability of Proxy Materials (Notice of Availability) or voting instruction card. If you vote by using the Internet, you do not need to return your proxy card or voting instruction card.
- *Vote By Telephone:* If you live in the United States, you may use any touch-tone telephone to vote your proxy toll-free 24 hours a day, 7 days a week, up until 11:59 p.m., Eastern Time on April 30, 2019. The telephone number is printed on your proxy card or voting instruction card. If you vote by telephone, you do not need to return your proxy card or voting instruction card.

- **Vote By Mail:** If you received or requested a paper copy of the materials, you may submit your proxy by signing your proxy card or, for shares held in street name, the voting instruction card included by your broker, trustee, or nominee, and mailing it in the enclosed, postage-paid, addressed envelope. If you provide specific voting instructions, your shares will be voted as you instruct. If you sign, but do not provide instructions, your shares will be voted as the Board recommends. Mark, sign, and date your proxy card and return it in the postage-paid envelope provided as soon as possible as it must be received by the Company prior to May 1, 2019, the Annual Meeting date.
- **Vote In Person:** For information on how record holders and beneficial owners of shares held in street can vote in person, please refer to "How can I vote at the Annual Meeting if I attend in person?" on page 73. Record holders, beneficial owners and legal proxy holders should also refer to "What should I bring to the Annual Meeting if I attend in person?" on this page 72 for the Annual Meeting admission and voting requirements. Stockholders holding shares in a joint account may attend the meeting if they provide proof of joint ownership, and if each stockholder follows the admission requirements described below.

#### **MAY I CHANGE MY VOTE?**

You may change your proxy instructions or revoke your proxy at any time prior to the vote at the Annual Meeting. For shares held directly in your name, you may accomplish this by: (a) delivering a written notice of revocation bearing a later date than the proxy being revoked, (b) signing and delivering a later dated written proxy relating to the same shares, or (c) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy). For shares held in street name, you may change your vote by submitting new voting instructions to your broker, trustee, or nominee, or by obtaining a legal proxy from your broker and voting your shares by ballot at the Annual Meeting.

#### **WHAT SHOULD I BRING TO THE ANNUAL MEETING IF I ATTEND IN PERSON?**

Registration for the Annual Meeting will begin at 8 a.m., Eastern Time. Please allow ample time for check-in. No cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted in the Annual Meeting. For admission to the Annual Meeting, all individuals attending must provide personal identification (such as a driver's license or passport), as well as the following:

**If you are a record holder (i.e., you hold your shares through our transfer agent, Computershare),** you must bring either a copy of the proxy card you received as part of your proxy materials, a copy of your Computershare account statement indicating your ownership of our common stock as of the record date, or the Notice of Availability, if you received one.

**If you hold your shares in street name (i.e., through a bank, broker, trustee or other nominee),** you must bring either the voting instruction card you received from your bank, trustee, broker or other nominee as part of your proxy materials, a copy of your brokerage statement indicating your ownership of our common stock as of the record date, or the Notice of Availability, if you received one.

**If you are not a stockholder, but are attending the meeting as proxy for a stockholder,** you must bring a valid legal proxy. If you attend as a proxy for a record holder, you must present a valid legal proxy from the record holder to you. If you attend as a proxy for a street name holder, you must present a valid legal proxy from the record holder (i.e., the bank, broker, trustee, or other nominee) to the street name holder that is assignable, as well as a valid legal proxy from the street name holder to you. Stockholders may only appoint one proxy holder to attend the Annual Meeting on their behalf.

**HOW CAN I VOTE AT THE ANNUAL MEETING IF I ATTEND IN PERSON?**

If you are a record holder (i.e., you hold your shares through our transfer agent, Computershare) and wish to vote your shares in person at the Annual Meeting, you will need to bring proof of ownership as described above and a ballot will be provided to you at the Annual Meeting.

If you hold your shares in street name (i.e., through a bank, broker or other nominee) and wish to vote your shares in person at the Annual Meeting, you will need to ask your bank, broker or other nominee to furnish you with a legal proxy. You will need to bring proof of ownership as described above and the legal proxy with you to the Annual Meeting and hand it in with a signed ballot that will be provided to you at the Annual Meeting. You will not be able to vote your shares at the Annual Meeting without a legal proxy. If you do not have a legal proxy, you can still attend the Annual Meeting but you will not be able to vote your shares at the Annual Meeting. Accordingly, we encourage you to vote your shares in advance, even if you intend to attend the Annual Meeting. Please note that if you request a legal proxy, any previously executed proxy will be revoked, and your vote will not be counted unless you appear at the Annual Meeting and vote in person or legally appoint another proxy to vote on your behalf.

**WHAT HAPPENS IF I DO NOT PROVIDE INSTRUCTIONS AS TO HOW TO VOTE?**

If you sign your proxy card or voting instruction card with no further instructions, your shares will be voted in accordance with the recommendations of the Board.

**WHERE CAN I OBTAIN THE LIST OF STOCKHOLDERS ENTITLED TO VOTE?**

The names of stockholders of record entitled to vote at the Annual Meeting will be available at the Annual Meeting and for ten days prior to the meeting for any purpose germane to the Annual Meeting, between the hours of 8:30 a.m. and 5:00 p.m., Eastern Time, at our principal executive offices at 300 Carnegie Center, Suite 300, Princeton, New Jersey 08540. **WHY DID I RECEIVE A ONE-PAGE NOTICE IN THE MAIL REGARDING THE INTERNET AVAILABILITY OF PROXY MATERIALS INSTEAD OF A FULL SET OF PROXY MATERIALS?**

Pursuant to rules adopted by the SEC, we are using the Internet as the primary means of furnishing proxy materials to stockholders. Accordingly, we are sending the Notice of Availability to our stockholders. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice of Availability or request a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Notice of Availability. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. We encourage stockholders to take advantage of the availability of the proxy materials on the Internet to help reduce the environmental impact of our annual meetings.

**WHERE CAN I FIND DIRECTIONS TO THE ANNUAL MEETING?**

Directions to the Annual Meeting can be found at the Hyatt Regency Princeton's website at <http://www.princeton.regency.hyatt.com/en/hotel/our-hotel/map-and-directions.html>.

Under this procedure, multiple stockholders who share the same last name and address and do not participate in electronic delivery will receive only one copy of the proxy materials or the Notice of Availability. We have undertaken householding to reduce our printing costs and postage fees. Stockholders may elect to receive individual copies of the proxy materials or Notice of Availability at the same address by contacting Broadridge Financial Solutions, Inc. by telephone at 1-866-540-7095, by mail at Broadridge Financial Solutions, Inc., Householding Department, 51 Mercedes Way, Edgewood, New York 11717, or by e-mail at [sendmaterial@proxyvote.com](mailto:sendmaterial@proxyvote.com). In order for a stockholder proposal to be considered for inclusion in our proxy statement for the 2020 Annual Meeting, our Corporate Secretary must receive the proposal no later than the close of business on November 20, 2019, which is the 120th day prior to the first anniversary of the date on which this Proxy Statement was first released to our stockholders in connection with the 2019 Annual Meeting. If we change the date of the 2020 Annual Meeting by more than 30 days from the anniversary of this year's Annual Meeting, stockholder proposals must be received a reasonable time before we begin to print and mail the proxy materials for the 2020 Annual Meeting in order to be considered for inclusion in our proxy statement.

Proposals must contain the information required under our Bylaws, a copy of which is available upon request to our Corporate Secretary, and also must comply with the SEC's regulations regarding the inclusion of stockholder proposals in Company-sponsored proxy materials.

For our 2020 Annual Meeting, our Corporate Secretary must receive the proposal or nomination no earlier than January 2, 2020 and no later than the close of business on January 31, 2020, unless the 2019 Annual Meeting is held earlier than April 1, 2020 or later than July 10, 2020, in which case the proposal or nomination should be received no earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of (a) the 90th day prior to the date of the 2020 Annual Meeting or (b) the 10th day following the day on which the date of the 2020 Annual Meeting is first publicly announced by the Company.

Section 4. *Restrictions on Transfer.*

(a) *Restricted Transfers.* Except through a Secondary Market Transaction, no person shall purchase or otherwise acquire (whether through the conversion or exchange of securities

convertible into shares of Class A Common Stock or Class C Common Stock or otherwise), and no stockholder of the Corporation shall transfer to any person, shares of Class A Common Stock or Class C Common Stock such that, after giving effect to such purchase, acquisition or other transfer (a "*Restricted Transfer*"), the holdings of the transferee, together with those of its FERC Affiliates, would equal or exceed the Utility Control Threshold without the prior written consent of the Board of Directors.

(b) *Purported Transfer in Violation of Restrictions.* Unless the approval of the Board of Directors is obtained with respect to a Restricted Transfer, such purported Restricted Transfer shall not be effective to transfer record, beneficial, legal or any other ownership of such Common Stock, and the transferee shall not be entitled to any rights as a stockholder of the Corporation with respect to the Class A Common Stock or the Class C Common Stock purported to be purchased, acquired or transferred in the Restricted Transfer (including, without limitation, the right to vote or to receive dividends with respect thereto).

(c) *Certain Definitions.* For purposes of this Section 4 of Article FOUR:

"*Clearway Public Utility*" means any direct or indirect subsidiary of Clearway Energy LLC that is a "public utility" (as that term is defined in the Federal Power Act).

"*FERC Affiliate*" means any person that is an "affiliate" (as such term is defined in 18 C.F.R. § 35.36(a)(9)) of another person prior to the effective date of the Restricted Transfer.

"*Secondary Market Transaction*" means a purchase or sale of Class A Common Stock or Class C Common Stock by a third-party investor (i) occurring while the Class A Common Stock or Class C Common Stock, as applicable, is publicly-traded, (ii) to which neither the Corporation nor any of its subsidiaries is a party, (iii) over which neither the Corporation nor any of its subsidiaries has control, and (iv) of which neither the Corporation nor any of its subsidiaries would, in the ordinary course, have prior notice. A Secondary Market Transaction does not include, among other things, any reacquisition of Class A Common Stock or Class C Common Stock by the Corporation.

"*Utility Control Threshold*" means holdings such that: (i) a person, collectively with its FERC Affiliates, directly and/or indirectly owns, controls and/or holds with power to vote 10% of the Corporation's outstanding voting securities; or (ii) the sum of the following equals 10%: (A) the percentage of the Corporation's voting securities directly and/or indirectly owned, controlled or held with power to vote by such person, collectively with its FERC Affiliates, other than through CEG, plus (B) the percentage of CEG's voting securities directly and/or indirectly owned, controlled or held with power to vote by such person, collectively with its FERC Affiliates, plus (C) the percentage of any Clearway Public Utility's voting securities directly and/or indirectly owned, controlled or held with power to vote by such person, collectively with its FERC Affiliates, other than through the Corporation or CEG. The percentages of a given entity's voting securities to be determined for purposes of the preceding sentence shall be calculated based on the voting power of the relevant voting securities.

#### ARTICLE FIVE

The Corporation is to have perpetual existence.

#### ARTICLE SIX

Except as provided by this Certificate and any duly authorized certificate of designation of any series of Preferred Stock, each director shall be elected by the vote of a plurality of the votes entitled to be cast by all shares of Common Stock entitled to vote on the election of directors voting as a single class and represented in person or by proxy at any meeting for the election of directors at which a quorum is present.

**ARTICLE SEVEN**

Section 1. *Board of Directors.* The business and affairs of the Corporation shall be managed by or under the direction of the Board of Directors. In addition to the powers and authority expressly conferred upon them by statute or by this Certificate or the Bylaws of the Corporation (as amended and restated, the "Bylaws"), the directors are hereby empowered to exercise all such powers and do all such acts and things as may be exercised or done by the Corporation.

Section 2. *Number of Directors.* Subject to any rights of the holders of any series of Preferred Stock to elect additional directors under specified circumstances, the Board of Directors shall have no more than sixteen (16) nor less than three (3) members, with the exact number of directors constituting the full board to be determined from time to time by the affirmative vote of a majority of the total number of directors then in office. Subject to the rights of the holders of any series of Preferred Stock, newly created directorships resulting from an increase in the size of the Board of Directors may be filled by the affirmative vote of a majority of the total number of directors then in office, although less than quorum, at any meeting of the Board of Directors. The board of directors shall be and is divided into two classes, as nearly equal in number as possible, designated as: Class I and Class II. In case of any increase or decrease, from time to time, in the number of directors, the number of directors in each class shall be apportioned as nearly equal as possible. Nothing in this Certificate shall preclude a director from serving consecutive terms. Elections of directors need not be by written ballot unless the Bylaws shall so provide.

Section 3. *Term of Office.* Each director shall serve for a term ending on the date of the second annual meeting following the annual meeting at which such director was elected; provided, that each director initially appointed to Class I shall serve for an initial term expiring at the corporation's first annual meeting of stockholders following the effectiveness of this provision and each director initially appointed to Class II shall serve for an initial term expiring at the corporation's second annual meeting of stockholders following the effectiveness of this provision; provided further, that the term of each director shall continue until the election and qualification of a successor and be subject to such director's earlier death, resignation or removal. No decrease in the number of directors shall shorten the term of any incumbent director.

Section 4. *Removal of Directors.* Subject to the rights, if any, of the holders of any series of Preferred Stock to remove directors (with or without cause) and fill the vacancies thereby created (as specified in any duly authorized certificate of designation of any series of Preferred Stock), any director or the entire board of directors may be removed from office only for cause and only by the affirmative vote of at least a majority of the total voting power of the outstanding shares of the capital stock of the corporation entitled to vote in any annual election of directors or class of directors, voting together as a single class. Notwithstanding the foregoing, if the holders of any class or series of capital stock are entitled by the provisions of this Certificate (including any duly authorized certificate of designation of any series of Preferred Stock) to elect one or more directors, such director or directors so elected may be removed with or without cause by the vote of the holders of a majority of the votes entitled to be cast by all outstanding shares of that class or series entitled to vote.

Section 5. *Vacancies in the Board of Directors.* Subject to the rights of the holders of any series of Preferred Stock to remove directors and fill the vacancies thereby created (as specified in any duly authorized certificate of designation of any series of Preferred Stock) and subject to Section 2 of Article SEVEN, vacancies occurring on the Board of Directors for any reason may be filled by vote of a majority of the remaining members of the Board of Directors, although less than a quorum, at any meeting of the Board of Directors. A person so elected by the Board of Directors to fill a vacancy shall hold office until the next annual meeting of stockholders of the Corporation and until his or her successor is duly elected and qualified or until his or her earlier death, resignation or removal.

**ARTICLE EIGHT**

In furtherance and not in limitation of the powers conferred by statute, the Board of Directors is expressly authorized to make, alter, amend or repeal the Bylaws by the affirmative vote of a majority of the total number of directors then in office in addition to any other vote otherwise required by law.

**ARTICLE NINE**

Section 1. *Indemnification; Limitation of Liability.*

- (a) To the fullest extent permitted by the DGCL as it now exists or may hereafter be amended, and except as otherwise provided in the Bylaws, (i) no director of the Corporation shall be liable to the Corporation or its stockholders for monetary damages arising from a breach of fiduciary duty owed to the Corporation or its stockholders; and (ii) the Corporation shall indemnify its officers and directors.
- (b) Any repeal or modification of the foregoing paragraph by the stockholders of the Corporation shall not adversely affect any right or protection of a director of the Corporation in respect of any act, omission or condition existing or event or circumstance occurring prior to the time of such repeal or modification.

**ARTICLE TEN**

For purposes of this Amended and Restated Certificate of Incorporation, "*Affiliated Company*" means (i) Global Infrastructure Investors III, LLC ("*GIP*") and (ii) any Person controlled by GIP, other than the Corporation. For purposes of this definition "is controlled by" means the power to direct or cause the direction of the management and policies of a Person, whether through the ownership of voting securities, by contract or otherwise.

**ARTICLE ELEVEN**

Meetings of stockholders may be held within or without the State of Delaware, as the Bylaws may provide. The books of the Corporation may be kept (subject to any provision contained in the DGCL) outside of the State of Delaware at such place or places as may be designated from time to time by the Board of Directors or in the Bylaws.

**ARTICLE TWELVE**

Subject to the rights of holders of any series of Preferred Stock to act by written consent as specified in any duly authorized certificate of designation of any series of Preferred Stock, the stockholders of the Corporation may not take any action by written consent in lieu of a meeting, and must take any actions at a duly called annual or special meeting of stockholders and the power of stockholders to consent in writing without a meeting is specifically denied. Except as otherwise required by law, special meetings of stockholders of the Corporation may be called only by the Board of Directors pursuant to a resolution adopted by the affirmative vote of the majority of the total number of directors then in office.

**ARTICLE THIRTEEN**

Section 1. *Competition and Corporate Opportunities.* To the extent provided in the following paragraphs, the Corporation renounces any interest or expectancy of the Corporation or any Controlled Company in, or in being offered an opportunity to participate in, any Dual Opportunity presented to the Affiliated Company, any Controlled Company or to a Dual Role Person.

(a) In the event that the Affiliated Company acquires knowledge of a potential transaction or matter which may be a Dual Opportunity, the Corporation and any Control Company shall not, to the fullest extent permitted by law, have any expectancy in such Dual Opportunity. The Affiliated Company shall not have a duty to communicate or offer to the Corporation or any Controlled Company, or refrain from engaging directly or indirectly in, any Dual Opportunity, and may pursue or acquire such Dual Opportunity for themselves or direct such Dual Opportunity to another Person.

(b) A Dual Role Person (i) shall have no duty to communicate or offer to the Corporation or any Controlled Company any Dual Opportunity that such Dual Role Person has communicated or offered to the Affiliated Company, (ii) shall not be prohibited from communicating or offering any Dual Opportunity to the Affiliated Company, and (iii) shall not be liable to the Corporation or its stockholders for breach of any fiduciary duty as a stockholder, director or officer of the Corporation, as the case may be, resulting from (x) the failure to communicate or offer to the Corporation or any Controlled Company any Dual Opportunity that such Dual Role Person has communicated or offered to the Affiliated Company (y) the communication or offer to the Affiliated Company of any Dual Opportunity, in each case, so long as the Dual Opportunity was not expressly offered in writing to the Dual Role Person solely in his or her capacity as a director or officer of the Corporation.

**Section 2. *Certain Matters Deemed not Corporate Opportunities.*** In addition to and notwithstanding the foregoing provisions of this Article THIRTEEN, the Corporation renounces any interest or expectancy of the Corporation or any of its Affiliated Companies in, or in being offered an opportunity to participate in, any business opportunity that (i) the Corporation is not financially able or contractually permitted or legally able to undertake, (ii) is not in the Corporation's line of business, (iii) is of no practical advantage to the Corporation, and (iv) in which the Corporation has no interest or reasonable expectancy. Moreover, nothing in this Article THIRTEEN shall amend or modify in any respect any written contractual agreement between the Affiliated Company, on the one hand, and the Corporation or any of its Affiliated Companies, on the other hand.

**Section 3. *Certain Definitions.*** For purposes of this Article THIRTEEN and Article FIFTEEN:

"*Controlled Company*" means any Person controlled by the Corporation. For purposes of this definition "is controlled by" means the power to direct or cause the direction of the management and policies of a Person, whether through the ownership of voting securities, by contract or otherwise.

"*Dual Opportunity*" means any potential transaction or matter within the same or similar business activities or related lines of business as those in which the Corporation or any Controlled Company may engage, and/or other business activities that overlap with or compete with those in which the Corporation, directly or indirectly, participates or which may be a corporate opportunity for the Corporation or any Controlled Company, on the one hand, and for the Affiliated Company, on the other hand.

"*Dual Role Person*" means any individual who is an officer or director of both the Corporation and the Affiliated Company.

"*Person*" means an individual, a partnership, a corporation, a limited liability company, an association, a joint stock company, a trust, a joint venture, an unincorporated organization and a governmental entity or any department, agency or political subdivision thereof.

**Section 4. *Termination.*** The provisions of this Article THIRTEEN shall have no further force or effect at such time as (i) the Corporation and the Affiliated Company are no longer affiliates of each other and (ii) none of the directors and/or officers of the Affiliated Company serve as directors and/or officers of the Corporation and any Controlled Company; *provided, however*, that any such termination shall not terminate the effect of such provisions with respect to any agreement, arrangement or other

understanding between the Corporation or a Controlled Company thereof, on the one hand, and the Affiliated Company, on the other hand, that was entered into before such time or any transaction entered into in the performance of such agreement, arrangement or other understanding, whether entered into before or after such time.

Section 5. *Deemed Notice.* Any person or entity purchasing or otherwise acquiring or obtaining any interest in any capital stock of the Corporation shall be deemed to have notice and to have consented to the provisions of this Article THIRTEEN.

Section 6. *Severability.* The invalidity or unenforceability of any particular provision, or part of any provision, of this Article THIRTEEN shall not affect the other provisions or parts hereof, and this Article THIRTEEN shall be construed in all respects as if such invalid or unenforceable provisions or parts were omitted.

#### ARTICLE FOURTEEN

Notwithstanding any other provisions of this Certificate or any provisions of law which might otherwise permit a lesser vote or no vote, but in addition to any affirmative vote of the holders of the capital stock required by law or this Certificate (including any duly authorized certificate of designation of any series of Preferred Stock), the affirmative vote of the holders of at least 66<sup>2</sup>/<sub>3</sub>% of the combined voting power of all of the then outstanding shares of the Corporation eligible to be cast in the election of directors generally voting as a single class shall be required to alter, amend or repeal Section 1 of ARTICLE FOUR hereof, ARTICLE EIGHT hereof, ARTICLE NINE hereof, Section 3 of ARTICLE SEVEN hereof, ARTICLES TWELVE and THIRTEEN hereof, this ARTICLE FOURTEEN, or ARTICLE FIFTEEN hereof or any provision thereof or hereof.

#### ARTICLE FIFTEEN

The Corporation hereby elects not to be governed by Section 203 of the DGCL until such time as the Affiliated Company ceases to beneficially own at least 5% of the total voting power of all the then outstanding shares of stock of the Corporation entitled to vote generally in the election of directors voting together as a single class, whereupon the Corporation shall immediately and automatically, without further action on the part of the Corporation or any holder of stock of the Corporation become governed by Section 203 of the DGCL.

#### ARTICLE SIXTEEN

The Court of Chancery of the State of Delaware shall, to the fullest extent permitted by applicable law, be the sole and exclusive forum for any stockholder (including a beneficial owner) to bring (i) any derivative action or proceeding brought on behalf of the Corporation, (ii) any action asserting a claim of breach of a fiduciary duty owed by any director, officer or other employee of the Corporation to the Corporation or the Corporation's stockholders, (iii) any action asserting a claim against the Corporation, its directors, officers or employees arising pursuant to any provision of the DGCL, this Certificate (as may be amended, altered, changed or repealed) or the Bylaws or (iv) any action asserting a claim against the Corporation, its directors, officers or employees governed by the internal affairs doctrine, except for, as to each of (i) through (iv) above, any claim as to which the Court of Chancery determines that there is an indispensable party not subject to the jurisdiction of the Court of Chancery (and the indispensable party does not consent to the personal jurisdiction of the Court of Chancery within ten days following such determination), which is vested in the exclusive jurisdiction of a court or forum other than the Court of Chancery, or for which the Court of Chancery does not have subject matter jurisdiction. If any provision or provisions of this Article SIXTEEN shall be held to be invalid, illegal or unenforceable as applied to any person or entity or circumstance for any reason whatsoever, then, to the fullest extent permitted by law, the validity, legality and enforceability of such
